Beam Towers

Freestanding Towers

Only available with Beam Towers

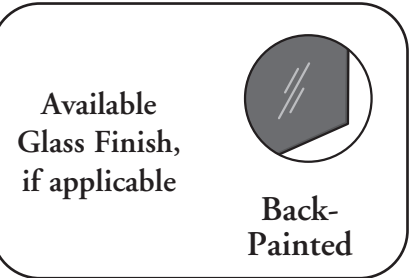

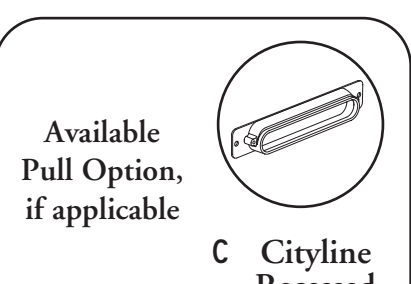

The diagram illustrates the assembly of a lock system. It shows the following components and their assembly order:

- JNFKS**: Three small circular pins and a rectangular base plate.
- JNFKL**: A rectangular plate with a slot.
- JNFKH**: Two small rectangular pins.
- JNFALB**: A long, thin rectangular plate.
- K**: A key.
- M**: A master key.
- R**: A lock removal key.
- C**: A lock core and key.
- SOKL**: A lock core and key.

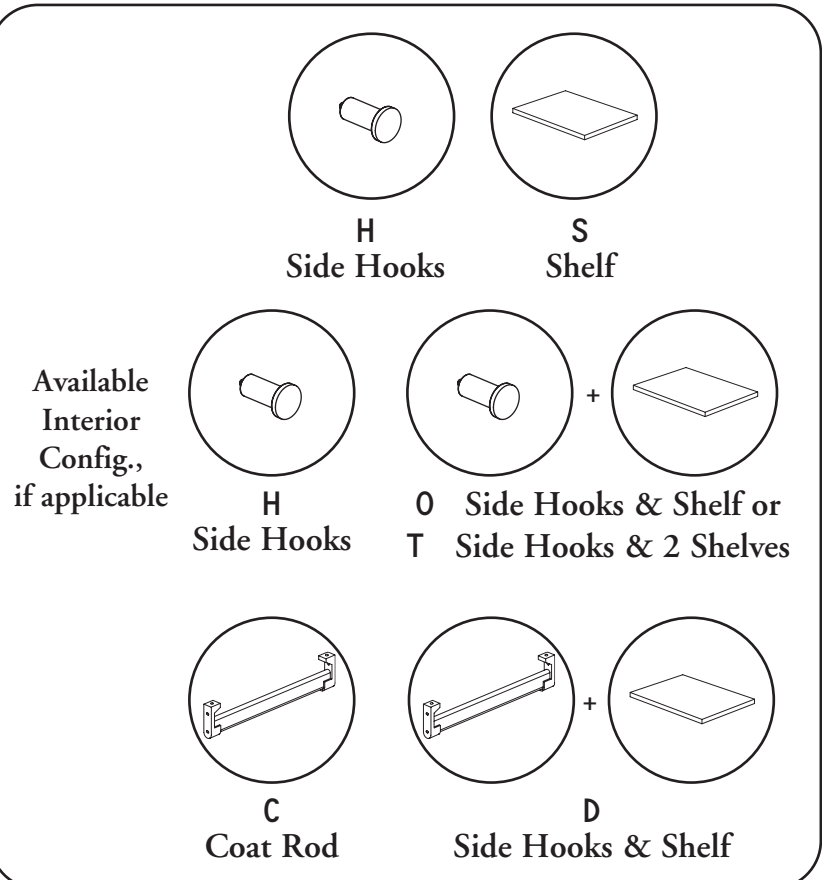

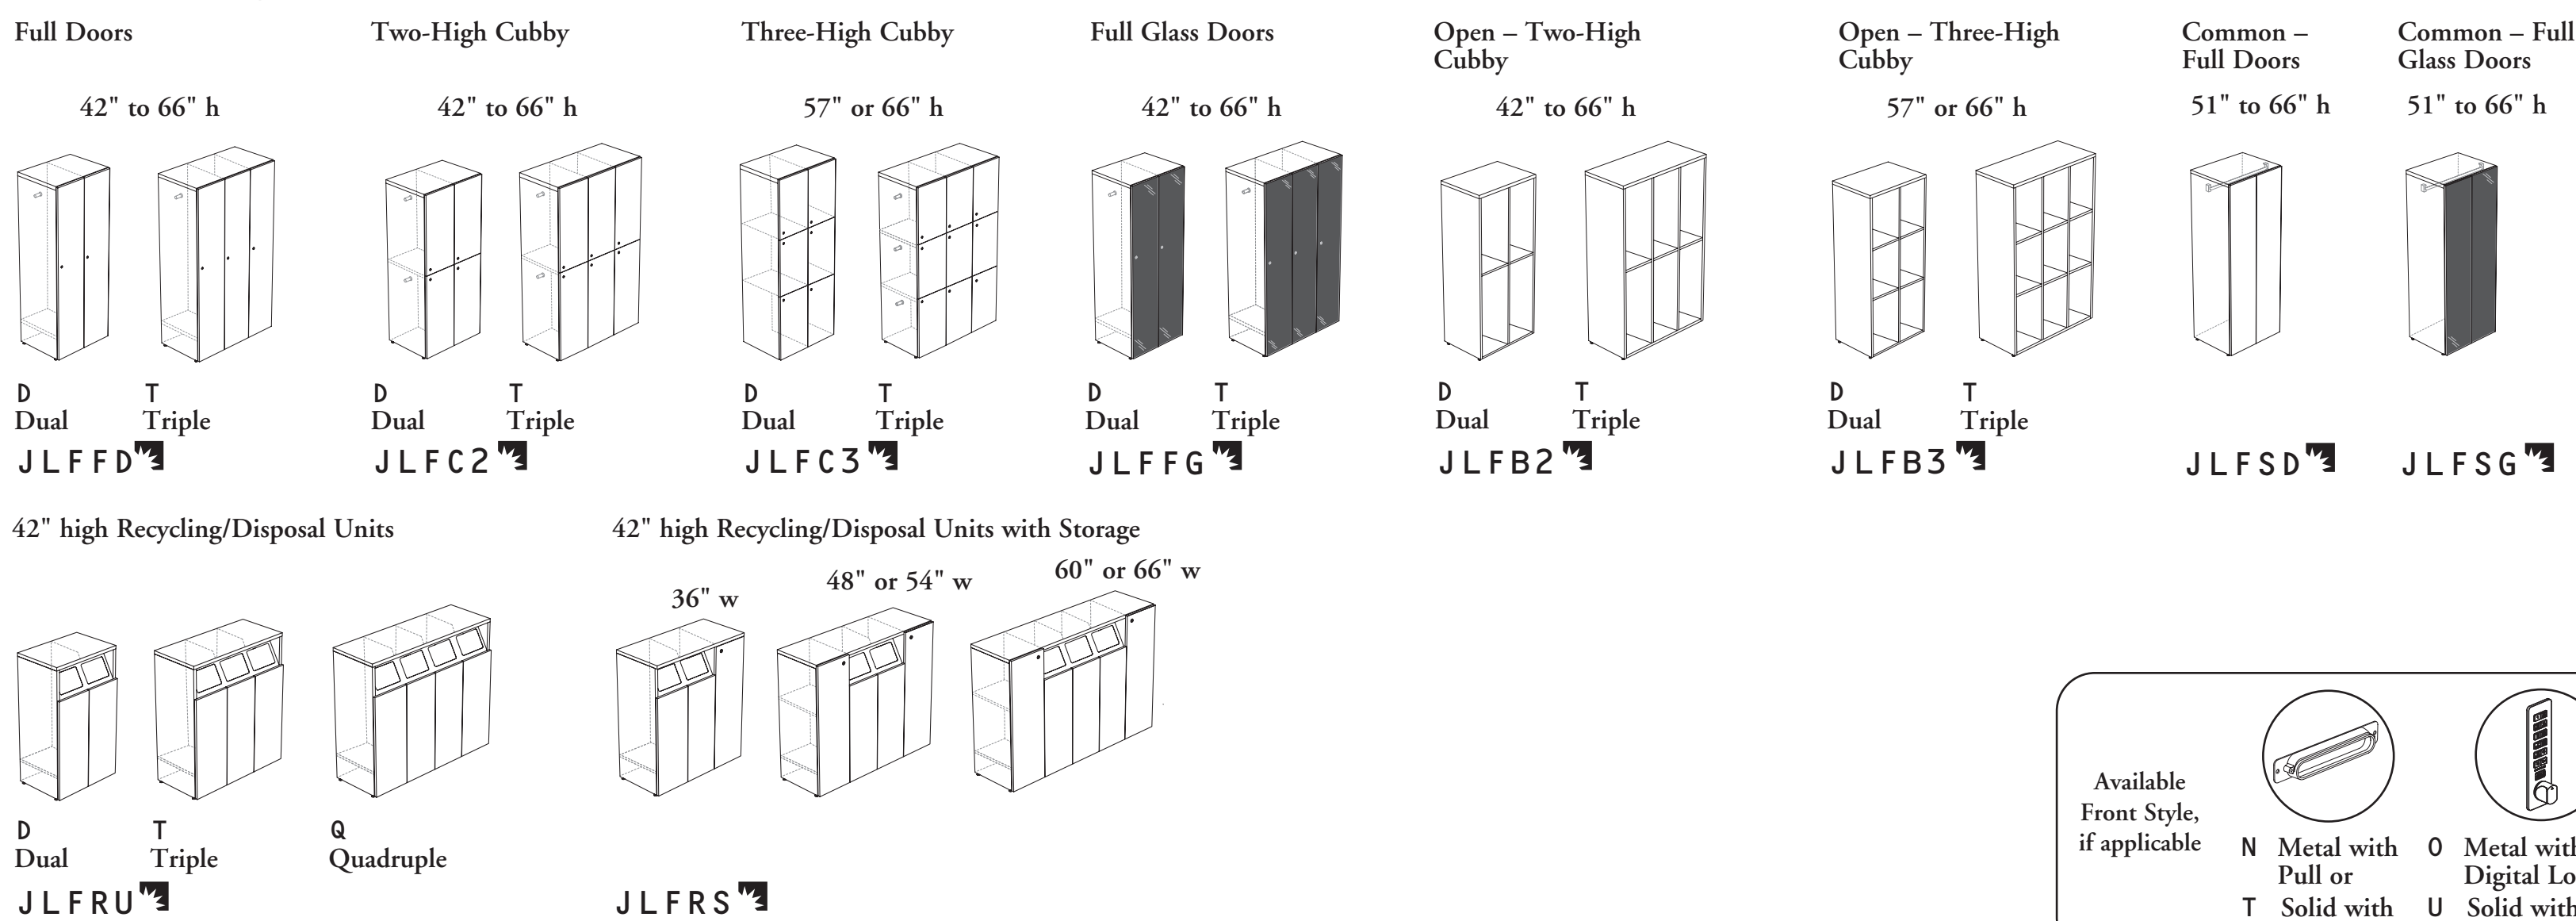

The assembly process is shown in a sequence of steps, with arrows indicating the direction of assembly. The components are labeled with their respective part numbers.
