## City Globe Pendant - Opal Acrylic Shade

Design by: Thomas Bernstrand

Designer Thomas Bernstrand took his lofty ambitions with the City pendant and lightened its profile by fitting it with a acrylic shade. That doesn't mean the City Globe pendant with a opal outer globe, has lost any of its industrial chic appeal, as the painted aluminum cog from which the shade dangles has a gear-like feel that heightens the light's handsomeness. Standard colors are white, black and blue, but the pendant can also be ordered in custom colors upon request.

### Ordering Matrix

#### Model

**8415301US** (White Cog / Opal Acrylic Shade)

**8415306US** (Black Cog / Opal Acrylic Shade)
