

BIM Objects

This .zip contains the following files:

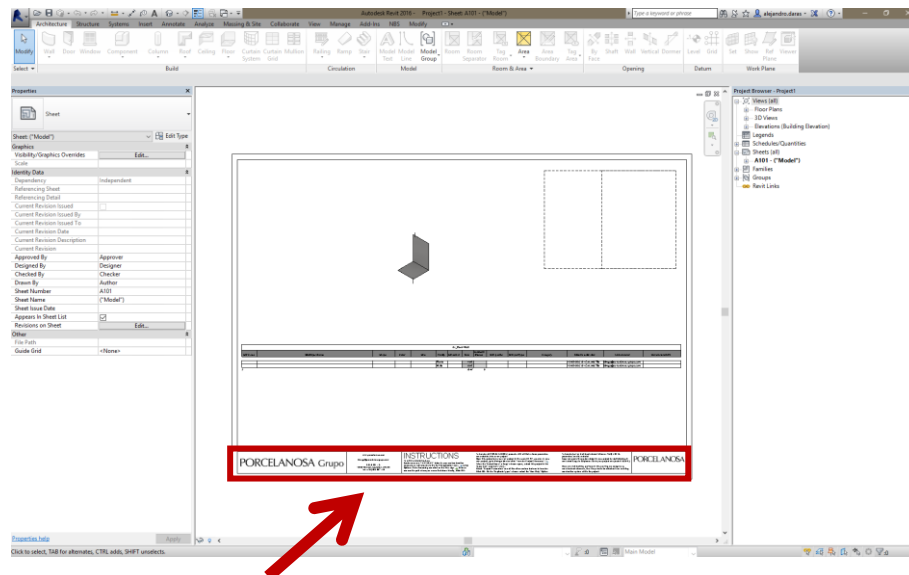

1- Autodesk REVIT 2016 .rvt File:

The REVIT file includes a floor/wall tile collection from PORCELANOSA Group modelled as system family.

2- .JPG Textures:

All textures used in order to create the different materials included in the .rvt file.

Follow the **INSTRUCTIONS** located in the .rvt file in order to link a texture with its respective material.

Do not hesitate to contact us if you need further information:
