

AAC 20

PRODUCT FACT SHEET

AAC 20

DESIGN BY HEE WELLING & HAY, 2010

Featuring a swivel base in steel, the About A Chair AAC 20 conveys a more formal expression than its wooden-legged counterparts from the series. The distinctive curved shell provides a soft, unified silhouette, balanced on delicate and elegant legs that fan out from the centered base, as if the tip-toe feet elevate the chair from the floor. The cast aluminum swivel base is available in polished or powder coated finishes, and the polypropylene shell comes in diverse color and upholstery options, allowing a multitude of design combinations that make this series so versatile.
