

AAC 13

PRODUCT FACT SHEET

AAC 13

DESIGN BY HEE WELLING & HAY, 2010

With its gently curved open shell and symmetrical solid base, the About A Chair AAC 13 design offers a refreshingly pared back expression that is consistent with the rest of the series. The lack of armrests ensures a clean, clutter-free silhouette, whilst the shaped back provides optimal comfort. The wooden frame with elegant, rounded legs conveys warmth and character, and ensures greater stability and a longer lifetime. The upholstery shell and solid wood base are available in a wide range of options.
