## Work Chairs

**Highly adjustable task seating** offers maximum personalization for fit and comfort for a range of duration and use. By making a series of simple adjustments, you can customize the chair to your body, preferences, and tasks. These chairs provide continuous, stable, comfort, and can be quickly adjusted to support you in upright, and reclining work postures.

# Steelcase Series 1

Now available as a **CarbonNeutral product**, making sure our commitment to a more sustainable future helps yours too.

**Essential ergonomics** –

Steelcase Series 1 provides essential ergonomics at a great value, complete with our signature quality. This exceptional entry point into high-performance seating is characterized by space efficiency, weight-activated controls, and a supportive seat.

**Back frame and seat shell** are plastic.

**Lumbar height** adjusts over 2 1/4" to provide additional lower back support.

**Arm caps** can pivot independently 40° inward and 40° outward to accommodate individual user preferences.

**Seat height** adjusts within a 5" range with a pneumatic adjustment mechanism. Short or tall range is available as an option. Stools have a 7 3/4" range.

**Comfort dial back control** provides three settings for the user's personal preference and work style.

**Casters** have hard, dual-wheels that roll smoothly on carpets. They are 2 1/2" for increased mobility. Soft, dual-wheel roll-control casters are available as an option for use on hard floors or chair mats. Glides are also available as an option.

*Tip: Do not roll the chair across asphalt during installation as this may damage the casters.*

**Arm height** can adjust independently within a 5" range to help relieve upper back and shoulder fatigue.

**Arm width** adjusts 4" overall to support forearms in neutral position.

**Arm depth** can retract 2" to allow user to get closer to the worksurface and into tight corners.

**Seat depth** adjusts within a 2 1/4" range to accommodate users of varying leg lengths.

**Five-star base** is available in paint, plastic, or polished aluminum.

**Product Details**

**Steelcase Series 1** is available in two back designs: 3D microknit (with lumbar and back flexors) and the polypropylene air back.

**3D Microknit Back**

**LiveBack Flexor System** conforms to and mimics the spine to provide flexibility and continuous lower-back support. An additional adjustable lumbar for extra support comes standard.

**Air Back**

**Air LiveBack technology** specially engineered geometric wave pattern in the polypropylene back flexes in two dimensions to encourage movement and posture changes while providing the spine with responsive support.

**Advanced weight-activated mechanism with a natural fluid motion** keeps users oriented to their work.

**Comfort dial** has three settings that allow for the user's personal preference and work style.

**Pill-shaped arms with soft caps** are standard.

**Uncartoned** request on your dealer purchase order means Steelcase Series 1 chairs will ship fully assembled.

**Cartoned** request on the dealer purchase order means Steelcase Series 1 chairs will ship knocked down in seven pieces. This allows for shipment in a smaller carton. Assembly does not require tools.

*Tip: Assembly instructions are included on the box.*

**Product Weight**  
• Series 1 chair: 29.2 pounds

CarbonNeutral.com  
**CarbonNeutral product** Series 1 helps organizations achieve their carbon emissions goals. Add **CN** to the end of the style number to specify Series 1 with CarbonNeutral product certification.

**Adjustment Features**

**Adjustability instructions** are included with every chair.

**Seat Adjustments**

**Seat height** adjusts pneumatically. To lower, hold handle up while seated. To raise, hold handle up and keep your weight off the chair. Standard range of adjustability is 5" from 16 1/2"H to 21 1/2"H. A short 3" range of adjustability (14 3/4" to 17 3/4") and a tall 4 3/4" range of adjustability (17 1/4" to 22") is available as an option. A 7 3/4" range of adjustability (23" to 30 3/4") is available on stools.

**Seat depth** adjusts 2 1/4" (15 1/2"-17 3/4") by pulling handle up. Slide seat forward or back to accommodate various leg lengths. Release handle to lock.

**Back Adjustments**

**Lumbar height** (3D microknit back) adjusts 2 1/4" (6 1/2" to 8 3/4" from seat) by grabbing exposed tabs and sliding the lumbar support up or down.

Weight-activated setting  
Boosted setting

Upright setting

**Comfort dial** has three settings: (1) weight-activated setting; (2) boosted setting that has more resistance than your body is providing; and (3) an upright back lock setting.

**Headrest** adjusts 3/4" vertically to support the head and neck of the user in both upright and recline postures. The plastic stalk and underside of the headrest will coordinate to match the frame color specified: black or seagull. The foam pad of the headrest is available in 3D Microknit. The headrest may be ordered as an option and must be field installed or as its own style number which ships in its own carton and must be field installed.

**Arm Adjustments**

**Rectilinear height-, width-, pivot-, and depth-adjustable arms** come standard on all arm models of chairs and stools.

**Arm height** adjusts independently within a range of 4 1/2" (6 1/2"-11" from the seat). Push button on outside and under arm cap in while moving arms up or down. Releasing buttons locks arms in position.

**Arm width** can be adjusted 2" each, 4" overall. Grasp arm cap and move in or out.

Steelcase Series 1, continued

**Arms** pivot independently, 40° inward and outward. Grasp arm and push front to left or right.

**Arm depth** adjusts by sliding arm caps back 2". Friction-fit mechanism keeps arms in position.

**Other Features**

**Height-only adjustable arm** is also available and adjusts 4½".

**Armless models** are also available.

**Foot ring height on stools** adjusts by rotating it counterclockwise to unlock. Then raise or lower ring to desired position before rotating it clockwise to lock. The foot ring has a diameter of 20".

**Soft dual-wheel roll-control casters** feature an internal brake that activates when the chair is not under load to reduce shifting when user stands up.

**Coat hanger (option)** is field installed. The color will coordinate with the frame of the chair but will not match the frame exactly. The coat hanger supports up to ten pounds and is not intended to hold bags or backpacks.

**Surface Materials**

▶ See *Surface Materials Reference Manual* for further information.

**Upholstery**

- Fabric\*
- Fabric with soil-retardant treatment (option)
- 3D Microknit (back and headrest only)
- Elmosoft leather
- Select Surfaces leather
- Leather
- Vinyl
- Customer's Own Leather (COL)
- Customer's Own Material (COM)

**Air Back**

- 6205 Black
- 6053 Seagull
- 6249 Platinum Solid
- 6BD6 Lagoon
- 6BD7 Saffron

**Hard components**

Back frame, seat shell, arm retainer, stool ring, headrest, and hanger

- 6053 Seagull
- 6205 Black\*

**Base**

- 6205 Black\*
- 7243 Seagull
- 8046 Polished Aluminum

**Pneumatic cylinders**

- 6205 Black\*

Flexors and lumbar finishes are determined by the 3D Microknit color unless specified as contrasting.

Seat shell is determined by the frame finish.

- 6053 Seagull
- 6205 Black\*

**Arms**

- 6059 Sterling Dark (on seagull chair)
- 6205 Black (on black chair)\*

**All Steelcase seating with standard upholstery fabrics**

complies with requirements of the State of California Technical Bulletin 117-2013. All standard seating is labeled to be in compliance with California 117-2013.

**Programs & Services**

▶ See *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

**The Customer's Own Material (COM) Program**

offers the opportunity for customers to select fabrics that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Through the COM program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM fabric directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM fabrics and details regarding yardage requirements for most seating lines, visit the COM website. To locate the COM website:

- Visit [www.steelcase.com](http://www.steelcase.com)

**Soil retardants** are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an email to [line-one@steelcase.com](mailto:line-one@steelcase.com).

# Steelcase Series 1 Upholstery

## What Is It?

### 3D Microknit Back

Back

Seat

Fabric, leather, or vinyl-covered seat; 3D Microknit back only

**A Cogent:** Connect fabric can be specified on the seat to color match the 3D Microknit, except seagull.

*Tip: 3D Microknit back has no stitched seams. Upholstery seams on seat are driven by specified seat fabric.*

**Stitched seams** are included on the seat cushion of the following:

- Leather
- Vinyl
- Upholstery
- Select Customer's Own Material/ Vinyl (COM)

*Tip: There are no stitching seams in Cogent:Connect.*

### Air Back

Back

Seat

Fabric, leather, or vinyl-covered seat.

**A Cogent:** Connect fabric can be specified on the seat to color match the Air Back colors, except seagull and platinum solid. Cogent: Connect in nickel coordinates with platinum solid.

*Tip: Upholstery seams on seat are driven by specified seat fabric.*

**Stitched seams** are included on the seat cushion of the following:

- Leather
- Vinyl
- Upholstery
- Select Customer's Own Material/ Vinyl (COM)

*Tip: There are no stitching seams in Cogent:Connect.*

<b>CarbonNeutral Product</b>	<ul style="list-style-type: none"> <li>• CarbonNeutral product certification</li> </ul>	+\$ 35	Add suffix <b>CN</b> to the end of the style number.

Tip: When ordering seagull frame the arms are 6059 Sterling Dark Solid. When ordering black frame, arms are black.

Tip: 3D Microknit, lumbar, and back flexors colors match unless contrasting outer back is selected.

Tip: Eight additional 3D Microknit colors are available when contrasting outer back is selected.

Tip: Base finish matches frame finish, unless seagull frame is selected, then black base is also available.

Tip: Order black base on seagull frame for lowest maintenance.

Tip: Stool ring is always black for lower cleaning maintenance, even on the seagull frame.

Tip: A headrest and a coat hanger cannot be attached on a Steelcase Series 1 chair simultaneously.
