

# SAGE Studio + Blu Dot "Limos"

Woodley White lives and works in Philadelphia. He often focuses on the same subject, creating a series of drawings that explore color, scale and variety of surfaces. His passion for his favorite subjects—bottles, shirts, whistles, transit, patterns and architecture—comes through in his expert line work and careful consideration of each object on the page. White’s first Texan exhibition opened at SAGE in March 2022.
