Cotone Slim   Cassina

Named after the Italian word for "cotton," exquisitely crafted Cotone Slim lounge seating extends an invitation to sit and relax. Developed specifically for commercial spaces, the expressive Cotone Slim family offers a streamlined design with a sleek skeletal frame and welcoming softness. The sofas have a scale and posture that cater to work environments, with a low-back model and a high-back version that offers visual privacy. A slimmer version of the Cotone guest chair is also included in the collection.

Features

- Sofas are scaled for work environments with a posture that helps people work and collaborate comfortably
- High-back sofa offers visual privacy
- Seats and backs have polyurethane foam padding with a soft feather-quilted lining, upholstered in fabric or leather
- Extruded aluminum frame was designed exclusively for Cotone
- Combine with Cotone tables for added functionality and a complete look
