

Smart Lift[®] Table System

easy to use | secure and lockable

Furnishing Knowledge[®]

Smart solutions for simple,
secure flat screen storage.

Smart Lift simply and neatly tucks the computer keyboard, mouse and screen under the table surface.

Smart Lift features secure, lockable flat screen storage.

Locked under the surface, flat screen monitors, keyboards and mice are kept safe.

Smart Lift® table system is an intuitive and secure response to managing flat screen monitors within learning or teaming environments. With a simple push, Smart Lift transforms from a flat, multipurpose table surface to an interactive multimedia tool.

Quiet and easy to engage, Smart Lift's manual mechanism stows flat screen monitors securely below the table surface. Expensive computer equipment can be stored and locked when not in use, allowing the flat table surface to be used for a variety of purposes.

Computer components are kept neat and organized while in use as well as in storage.

In motion, computer equipment is lowered and lifted safely and securely.

Smart Lift single units provide multipurpose solutions for a variety of environments and applications.

Specifications

- Legs are attached to the worksurface through threaded steel inserts.
- Beams and legs must be specified separately.
- One PowerUp® module or grommet is available in the upper right corner for 48" and 54" width single units, and is available centered between the doors for 66" and 72" width double units.
- 30" depth provides 17" leg clearance.
- Remote is specified separately if electric locking option is selected.
- 22" PowerUp® is recommended when the beam is powered.
- 108" PowerUp® is recommended when the beam is not powered.
- The lift, without the tilt option, can accommodate a VESA compliant monitor with a maximum size of 3.6" deep x 19" high x 21" wide and maximum weight of 15 lbs.
- The combined keyboard and monitor thickness must be less than 4.8" thick.
- The maximum depth of monitor with the optional tilt bracket (specified separately) is reduced by .6" to 3.0".
- Additional counter weights are available in the accessories section of the price list.

Laminate Tops

74P
