

HUB[®]

Modular Seating

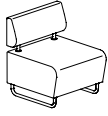

Versatile and modular, Hub seating features clean lines and subtle curves for a pleasing aesthetic. The waterfall seat edges provide comfort whenever and wherever Hub is specified. Added functionality and customization are available through a wide range of options, finish materials and occasional tables.

HUB MODULAR SEATING FEATURES

A. Laminate Option

Elevate the aesthetic and add function to lounge spaces. Laminate backs provide a unique design element and chase for power modules. Available in standard KI laminate finishes.

B. Cleanability

Cleanout space between the back and the base allows debris to easily pass through to the floor.

C. Power

Provide device charging and direct AC power with optional power modules available in white/white, black/black or silver/white combinations. Each module has one 15-amp, 125 volt AC simplex receptacle with one 2.1-amp, 5 volt DC USB Type A + C port per module.

D. Material Options

Choose from a wide array of Pallas Textiles, KI Ingrade or COM upholstery options; specify as contrasting or matching fabric. Optional moisture barrier also available.

E. Base

Sled base is available in KI standard paint finish options and provides easy movement as well as durability. Optional nylon glides also available.

F. Ganging

Hook and post ganging system allows for easy ganging to create and rearrange modular configurations between any Hub lounge and/or table units.

G. Privacy Option

Specify with privacy screens for visual privacy, sound absorption and space delineation in open environments.
