

RUCKUS CHAIR & DESK

The unique design of Ruckus encourages movement with the freedom to turn, perch and change positions without reconfiguring the classroom. Furniture that allows for a variety of seating positions makes learning more comfortable and can help students focus and stay engaged as the teacher moves about the room. The bookbag rack keeps student belongings off the floor and with them as they move their chair around.

The Ruckus post-leg desk is designed with interchangeable glides and casters for static or mobile options. Specify bases with a combination of glides and casters to keep desks in place for social distancing, yet permit easy reconfiguration when needed.

PRODUCT DIMENSIONS	W22.8 D22.8D H29.5 Chair W20 D36 H29 Desk
WORKSURFACE	56.3 sq. in. Chair W20 D36 Desk
SEATING CAPACITY	Lecture 30 before / 16 current Interactive 32 before / 18 current
CASTERS AND/OR GLIDES	Specify chair with casters or glides to deliver the level of mobility desired. Ruckus desk wheel-barrow base keeps desks socially distant (static), but allows for quick reconfiguration when needed.
STORAGE OPTION	Ruckus stack chair's large bookbag rack gets personal items off the floor, yet doesn't become a dust collector. Optional under surface storage options on Ruckus desks (wire bookrack, bag hook and cupholder) provide a spot for personal items without collecting dirt/debris.
STACKABLE	Ruckus chair can stack 3 high, freeing up floor space for social distancing or floor cleaning.
CLEANABILITY	Can be disinfected per CDC guidelines for virus mitigation (diluted bleach and other approved disinfectants). Ruckus' unique back design permits it to nest up on desk/table for easy floor cleaning.
