

Chair of choice.

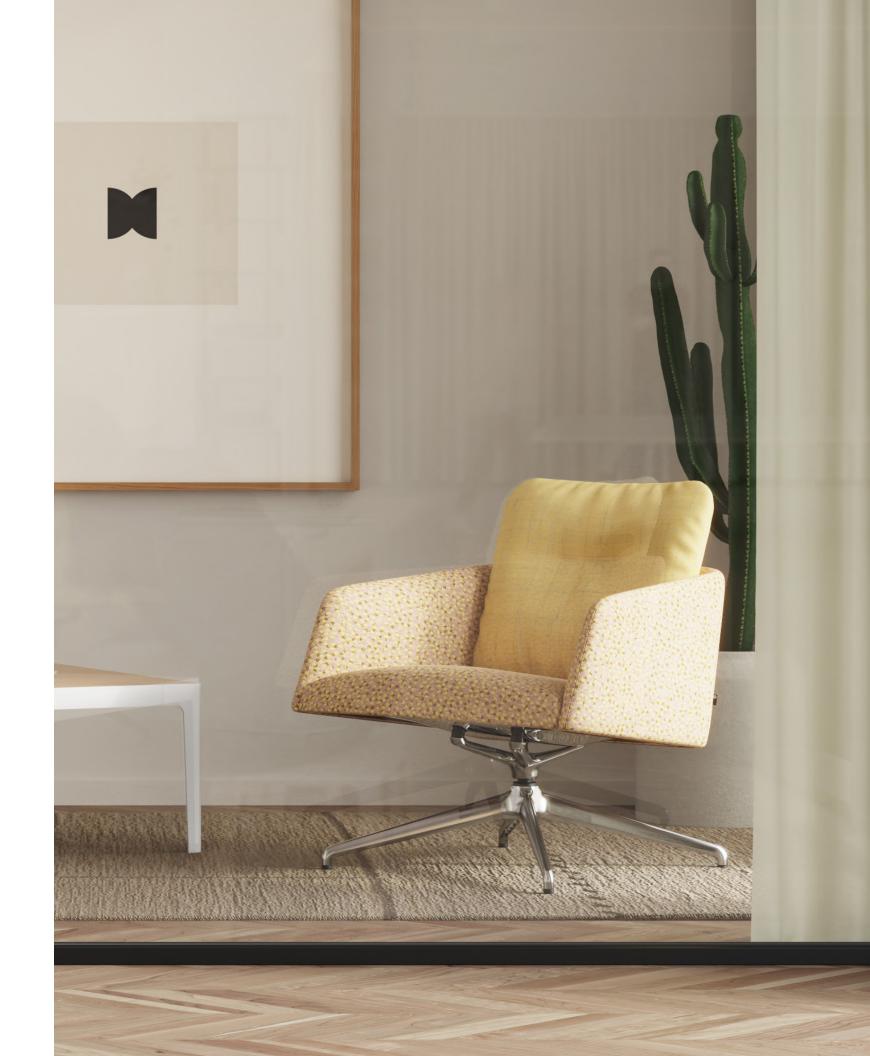

Marien152 is a richly tailored seating experience that's inspired by the home and designed for the workday. Thoughtful comfort is the foundation of a modern residential expression, bringing a surprising level of support together with soft, inviting style across a comprehensive seating family. Design personalization is built into the collection through a wide range of color, base and materiality choices.

The collection anchors many applications through the workday, from conference chairs to stools.

— Mix and match. Beautifully crafted and effortlessly personal, you can create each chair with a mix of upholstery, color, material and base options.

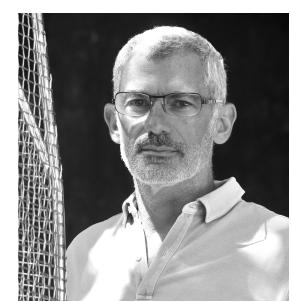

Global collaboration.

The Coalesse Design Group and Arik Levy set out to create a family of seating that supports the social, collaborative and personal spaces of a diverse workforce. From Grand Rapids to Munich to Paris, the teams designed a seating experience with comfort at the core.

— Globally renowned designer Arik Levy collaborated with the Coalesse team from his studio in Paris.

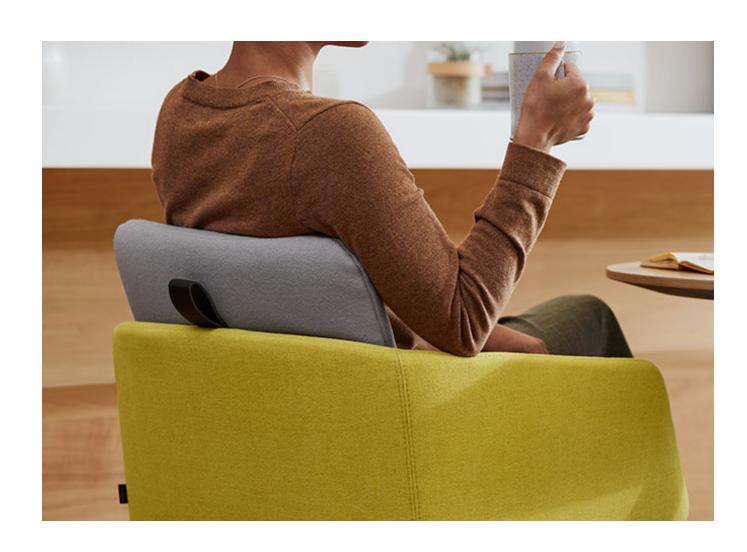

Seated in comfort.

Guest and conference chairs feature a cleverly designed back cushion, giving the appearance of a soft loose pillow with subtle, built-in flex allowing the chair to move with you. Beauty and comfort meet through varied upholstery, color and base options, allowing you to make a statement while carrying Marien152's style through the space plan.

— Marien152's built-in flex allows the chair to move with you throughout the day for ideal physical comfort.
