

libelle

features

Libelle, Dutch for “Dragonfly”, is a functional, yet whimsical, collection of seating options, including: a pouf, a low back lounge chair, and an innovative lounge chair with privacy. Designer Khodi Feiz created Libelle to deliver a personal escape while accommodating small collaborative interactions. An optional tablet arm is a versatile addition that will enhance functionality and can be installed after it’s placed to either the left or right side. The laid back but sophisticated style of Libelle is perfect for today’s flexible work environment.
