

# COMPATIBILITY GUARANTEED

We guarantee that all 19" TIA/EIA-310-D compliant equipment will physically fit into Paramount and Vantage S2 enclosures.\*

## Paramount and Vantage S2 Compatibility – **GUARANTEED**

Wright Line is committed to providing you with an enclosure solution that not only addresses the requirements of your choice of servers today but also in the future. We have designed our enclosures with the frequent technology refresh cycle of servers in mind and are actively helping our customers adapt to their changing platforms.

*\*Wright Line guarantees that all 19" TIA/EIA-310-D compliant equipment will physically fit into a Paramount and Vantage S2 enclosure (42" deep) with the mounting hardware provided by the original equipment manufacturer (OEM), Wright Line, a third party vendor, or any combination thereof or your money back.*
