

The Journey of Etarran®

WE LISTENED

Through extensive research with our dealer and designer partners, we heard the need for a panel system that is easy to specify and install, and is available at a competitive price point.

EASE OF SPECIFICATION

Create a total solution by utilizing our intuitive CET extension to integrate other Kimball International products.

SOLUTION FOR ALL OPEN SPACES

Outfit an entire facility by utilizing our broad color palette, giving you the ability to coordinate finishes across metal storage, as well as personalize spaces with accessories.

WE CREATED

We designed a solution that enhances the customer experience. Designers, dealers, installers, and end users will see that Etarran stands out from the competition in the following ways:

QUICK INSTALLATION

Significantly reduce time and money spent on installation through Etarran's pre-installed electrical and smart attachment hardware.

BEST TOTAL VALUE

Delivers exceptional value at a competitive price point while providing quick, easy, and intuitive specification and installation.

WE DELIVERED

Etarran features a simple specification process, sustainable and durable materials, and quick installation creating the best total value in a panel solution.
