FLIP/NEST TABLES

NATIONAL®

Convenient and functional.

Fold flip/nest tables are exactly what you need, when you need them. This versatile table collection easily folds and unfolds with the twist of a knob. Its durable casters and flip/nest capabilities allow users to reconfigure with ease and the removable modesty panel and markerboard surface add even more functionality. Move tables together to collaborate or apart for focus time...or move them out of the way entirely and nest tables together for convenient storage.

Fold tables are classroom tested and endorsed by the Global Educator Institute (GEI).

MULTIPURPOSE TABLES Laminate tops available with T-Mold or PVC rim, legs available in Silver or Black.
