

COL-6C-HN, COL-5C-HN, COL-4C-HN, COL-3C-HN, COL-2C-HN Barrier-Free Column Showers – 2-6 Person

Specifications

Construction & Materials

All exposed parts are type 304 stainless steel or polished chrome-plated brass. Drain fitting is cast iron and supply inlets are copper tubing. Internal manifold is cast brass. Grab bar is 18 gauge.

Standard Equipment

Column Shower

Constructed of type 304 stainless steel. Column and column cap are 16 gauge, and base flange is 14 gauge. Valve manifold is cast brass. Access panel located near bottom of column

Soap Dish

Each station on the column shower is equipped with a stainless steel soap tray.

Valve Type as Selected

For more information on each valve type, please visit the Shower Valves product section on bradleycorp.com.

Showerhead

Standard fixed direction adjustable spray showerhead (S15).

Diverter Valve

Lever handle operation for easy transfer of water flow between fixed and hand-held shower spray.

Hand Shower

Consisting of hand shower with on-off control, a 60" stainless steel flexible hose and post style mounting bracket to hold to column. Elevated in-line backflow preventer with quick-disconnect for flexible hose.

Flow Control

A 1.5 GPM (5.7 LPM) flow control is standard. Actual flow may vary, but will not exceed 2.0 GPM (7.6 LPM) max.

Drain Fitting

Cast iron with five stainless steel mounting bolts.

Supply Inlets

Constructed of 3/4" type "L" copper tubing.

Grab Bai

Grab bar fabricated of 18 gauge 1-1/2" O.D. stainless steel tubing with a 1-1/2" safety statute clearance. Flanges are 11 gauge. Load capacity in excess of 300 lbs. Vertically mounted on column.

Optional Privacy Compartments

Partitions

Fabricated of 20 gauge 300 series stainless steel sheets polished to a #4 finish. Sandwich type construction with waterproof cores securely bonded between sheets. Partitions are secured to posts with 14 gauge type 300 stainless steel stirrups and stainless steel screws.

Posts

Fabricated 18 gauge 1-1/4" square x 80" stainless steel tubing. Post is secured to floor with an expansion anchor and a concealed foot angle which allows plus or minus 1/2" vertical adjustment.

Curtains

Curtain rails fabricated of 300 series #4 finish stainless steel cylindrical tubing. Curtain hooks are steel wire with a zinc chromate finish. Curtains are 60° W x 74° H and fabricated of heavy gauge translucent vinyl with hemmed edges and aluminum grommet reinforced eyelets.

Hardware

All exposed fasteners are vandal-proof stainless steel. Post shoes are anodized aluminum and finished to match stainless steel.

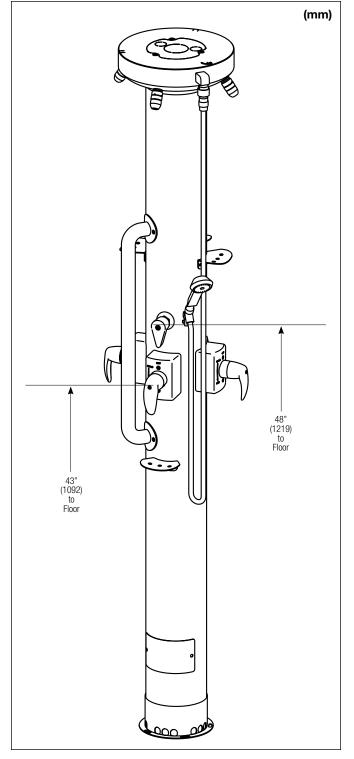

This shower complies with most, but not all, ADA dimensional requirements. Check local codes prior to installation.
