# Euro Style Sight Screens

## Glass – SKYLINE Series

### SKYLINE Series Features

- Elegant option in enameled tempered glass
- Modern minimalist design
- Optimal for high end application
- Creates light, airy space
- Scratch resistant and easy to clean
- Strong, long-lasting, and safe
- Available in a range of standard colors
- 100% recyclable

### Construction

Scratch-proof, tempered glass with ceramic screen printing is 0.4" (10mm) and fitted to stainless steel connecting brackets and fittings. All corners are polished smooth for aesthetic and safety purposes. Materials are resistant to stains and corrosion. Panel sizes can be customized when wider than 15.7" (400mm). For accuracy, measurements should be taken to the closest millimeter. See data table for support and stabilization guide.

### Sight Screens

Panels that are 27.6" (701mm) or larger are attached to the wall with 6 stirrup brackets, proportionately spaced, and a floor to ceiling post at front of panel. Posts are drilled into the floor and ceiling approximately 1.57" (40mm). Cover plates are provided to conceal screws.

Panels that are 15.8" (401mm) - 27.5" (700mm) are wall hung with stirrup brackets and foot braced.

### Brackets

Stainless steel stirrup-type brackets are provided for all sizes as shown and proportionately spaced. All bracket holes are pre-drilled.

### Feet

Feet are constructed of stainless steel and match feet on the partitions.

### Hardware

Screens shall be provided with all hardware and fastenings for a complete installation.

### Product Compliance

#### Listed by UL Environment to

- GreenGuard Gold

Verify all rough-in dimensions prior to installation.  
Consult local and national codes. Conformity and compliance to local and national codes is the responsibility of the installer.

#### Euro Style Sight Screen with Stirrup Bracket & Floor to Ceiling Post

For panels that are 27.6" (701mm) or wider.

*Note: Location of bracket drill holes is dependent on height of panel.*

#### Wall-Hung and Foot Braced Euro Style Sight Screen

For panels between 15.8" (401mm) and 27.5" (700mm) wide.

*Note: Location of bracket drill holes is dependent on height of panel.*
