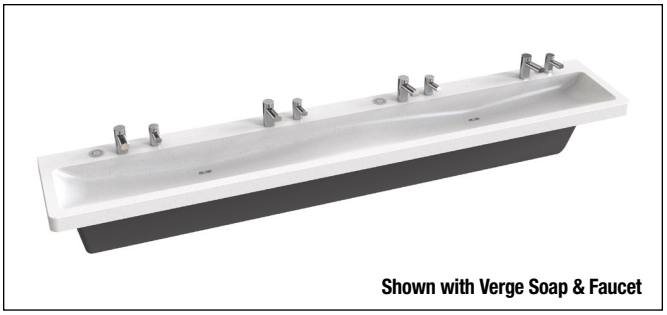
TLX-4
Express® Lavatory System – TLX Series

Key Features

- Seamless, one-piece lavatory is a cost effective upgrade to traditional fabricated counters with seams
- With fewer plumbing connections, installs faster than traditional counters and sinks
- Easy-to-clean, linear design minimizes flat areas where water could puddle
- 1 person access panel install and removal
- ADA and TAS compliant
- Available in a variety of Terreon® solid surface colors
- Compatible with WashBar® Duo and Verge™ deck-mounted soap dispensers and faucets



Shown with Verge Soap & Faucet

Specifications

Accommodates one, two, three, or four users. These units handle washroom traffic quickly and economically. Robust design meets or exceeds the ANSI load requirements. This system can be mounted at different heights to accommodate hand washing for adults, children, young children, and those with disabilities. Meets Enhanced Reach when paired with WashBar Duo. Search CSI 3-part specification on bradleycorp.com for CSI spec format.

Product Compliance

Listed by IAPMO R&T to

- Uniform Plumbing Code (UPC)
- National Plumbing Code of Canada
- International Plumbing Code (IPC)
- IGC 156
- IGC 127 (WashBar)

Listed by UL Environment to

- GreenGuard Gold

Complies with

- ADA
- ICC/ANSI 117.1
- TAS
- Enhanced Reach IC A117.1, 606.5 (WashBar Duo)
- NSF/ANSI 372
- CSA B45.5/IAPMO Z124

Sustainability

- Terreon participates in the mindful MATERIALS library

Finishes

☑ *Click on any color swatch to view as a larger image.*

- Polished Chrome
- Brushed Black Stainless*
- Brushed Stainless*
- Brushed Bronze*
- Brushed Brass*
- Brushed Nickel*

*PVD Finishes, see PVD Finishes section.

* PVD Finishes

Physical Vapor Deposition is an intricate, environmentally friendly finishing process that molecularly bonds the finish to the faucet, creating a very hard, durable surface that will not corrode, discolor, or tarnish.

Compatible Bradley Products

- Verge Coordinated Soap and Faucet
- WashBar Duo

☑ This plumbing fixture is designed for hand washing only. It is not intended to dispense water for human consumption through drinking or for preparation of food or beverages.

Construction

Basin
Constructed of Terreon, a densified solid surface material composed of a bio-based resin. Terreon is resistant to chemicals, stains, burns, and impact. Surface damage can be easily repaired with every day cleansers or fine grit abrasives. Terreon is GREENGUARD® certified as low-emitting materials.

Support Bracket
Bracket design allows for flexible stud or wall blocking anchor locations. Eliminates the need for in-wall carriers. IAPMO certified to meet or exceed ANSI load requirements.

Access Panel
Unique access panel design pivots on a continuous stainless steel bracket which easily allows for one person installation and removal. Standard thumb screw fasteners included as standard. The access panel is composed of high impact polymer so it will not chip, peel, or flake. The fully enclosed vandal-resistant design eliminates the need for plumbing wrap.

Strainer and Drain Assembly
System comes complete with two 300 series stainless steel strainers, tailpiece connections and individual drain rough-in with two connections.

Vandal Resistance
Water supplies, valving, waste assembly and other optional items are completely concealed within the high impact resistant access panel. Terreon bowl material is also highly vandal resistant and repairable.

Faucets*
Choose from our 0.35 gpm (1.30 Lpm), 0.05 gpc (0.25 Lpc) or 0.50 gpm (1.90 Lpm), 0.09 gpc (0.35 Lpc) Verge Faucets – Crestt, Metro, Linea, or Zen Series. Available in 0.35 gpm (1.30 Lpm), 0.05 gpc (0.25 Lpc) or 0.5 gpm (1.90 Lpm), 0.09 gpc (0.35 Lpc), WashBar Duo WBD1 includes soap dispenser and faucet in a single piece casting. Verge faucets and WashBar Duo come as chrome-plated with optional in-stock PVD finishes. Four faucets or WBD1 are included for personal handwashing. Also available are 4" centerset, 8" centerset, and centershank faucet drillings are available for faucets by others. 8" centerset available with no soap drilling (NSD). Optional 4" centerset trim plates are available for additional vandal resistance.

Soap Dispensers*
Choose from our Verge Deck-Mounted Soap Dispensers – Crestt, Metro, Linea, or Zen Series, or the WashBar Duo.

Verge Soap Dispensers
Available with foam or liquid soap, as individual top fill or multi-feed top fill. Four soap dispensers are included for personal handwashing. Verge soap dispensers come as chrome-plated with optional in-stock PVD finishes.

WashBar Duo
The soap dispenser is located on the left side of the WashBar Duo, eliminating soap from dripping on counters or onto the floor. Available with foam or liquid soap, as top fill multi-feed or below fill. WashBar Duo comes as chrome-plated with optional in-stock PVD finishes.

Top Fill Multi-Feed System
Top Fill Multi-Feed soap system includes a 1.3 gallon (166.5 oz) tank and top fill port located on the top surface of the wash basin. Elegant translucent ring integrated on the fill port gives a glowing indication of low soap and overflow conditions. When the ring on the fill port flashes red, simply remove the fill port cap and replenish the soap via the fill port. Locations of fill ports will differ for Verge Soap Dispensers and WashBar Duo. AC Power Harness included with WashBar Duo Top Fill Multi-Feed to supply power to Top Fill Multi-Feed from the WashBar Duo's master control box.

Below Fill System
Each WashBar soap system accommodates up to a 1 gallon (3.78 L) container (included) to reduce the number of soap replacements. When the LED light above the soap function turns to solid red, check the soap level and replace the soap container with a full container if necessary. The soap system includes an adapter to fit many 1 gallon (3.78 L) soap containers that are available on the market.

*For primary/elementary school applications, Bradley recommends hands-free activation for soap dispensers and faucets in lieu of manual activation to ensure proper reach for kindergarten students. TLX-4 meets Enhanced Reach requirements when paired with WashBar Duo WBD1.

Models (Must select one)

Model	Description
◯ TLX-4	Express Lavatory System TLX-4

Country of Installation (Must select one)

◯ C1	United States or Canada

Standard Selections (Must select one from each category)

Faucet Type (select one)

◯ WBD1	WashBar Duo (available with soap dispenser type WBD1 only)
◯ S53-3100	Verge Faucet – Crestt Series
◯ S53-3300	Verge Faucet – Metro Series
◯ S53-3500	Verge Faucet – Linea Series
◯ S53-3700	Verge Faucet – Zen Series
◯ S53-3100-P	Verge Faucet – Crestt Series, Includes Trim Plate [10]
◯ S53-3300-P	Verge Faucet – Metro Series, Includes Trim Plate [10]
◯ S53-3500-P	Verge Faucet – Linea Series, Includes Trim Plate [10]
◯ S53-3700-P	Verge Faucet – Zen Series, Includes Trim Plate [10]
◯ WBD1-DO	WashBar Duo Drilling Only
◯ 4" Set	4" Centerset (1¼" Drilling Only)
◯ 8" Set	8" Centerset (1¼" Drilling Only & requires Soap Dispenser Type NSD)
◯ SHANK	Centershank (1¼" Drilling Only)
◯ NFD	No Faucet Drilling

Faucet Activation Type (select one)

◯ R	Touch-Free Activation [1]
◯ NONE	No Activation [2]

Water Supply Type (select one)

◯ T	Thermostatic Mixing Assembly (supply hoses and shut-offs included)
◯ L	Single Tempered Line Assembly (supply hoses and shut-offs included)

Flow Control Type [3] (select one)

◯ 3	0.35 gpm Silicone Tip, Multiple Individual Laminar Flow Streams
◯ 5	0.50 gpm Silicone Tip, Multiple Individual Laminar Flow Streams

Faucet Finish Type [3] (select one)

◯ PC	Polished Chrome
◯ BB	Brushed Black Stainless
◯ BS	Brushed Stainless
◯ BZ	Brushed Bronze
◯ BR	Brushed Brass
◯ BN	Brushed Nickel

Faucet Power Supply (select one)

◯ AC	AC Power [4]
◯ BA	Battery – 4x AA alkaline batteries included per faucet [1]
◯ NONE	No Power Supply [2]

Soap Dispenser Type (select one)

◯ WBD1	WashBar Duo (available with faucet type WBD1 only)
◯ 6-3100	Verge Deck-Mounted Soap Dispenser – Crestt Series [1]
◯ 6-3300	Verge Deck-Mounted Soap Dispenser – Metro Series [1]
◯ 6-3500	Verge Deck-Mounted Soap Dispenser – Linea Series [1]
◯ 6-3700	Verge Deck-Mounted Soap Dispenser – Zen Series [1]
◯ WBD1-DO	WashBar Duo Drilling Only
◯ SDO	1-3/8" Soap Drilling Only
◯ NSD	No Soap Dispenser/No Drilling

Soap Activation Type (select one)

◯ R	Touch-Free Activation [5]
◯ NONE	No Activation [6]

Soap Type [7] (select one)

◯ F	Foam Soap
◯ L	Liquid Soap

Soap Fill System (select one)

◯ T	Top Fill at Spout (includes 70.5 oz container per dispenser) [5]
◯ M	Top Fill Multi-Feed (shared tank, includes 6-SOAP-MFT Multi-Feed Soap Tank Assembly) with 1.3 gal (166.5 oz) container
◯ BI	Below Fill (individual, includes 1 gallon (3.72 L) container) [8]

Soap Dispenser Finish Type [5] (select one)

◯ PC	Polished Chrome
◯ BB	Brushed Black Stainless
◯ BS	Brushed Stainless
◯ BZ	Brushed Bronze
◯ BR	Brushed Brass
◯ BN	Brushed Nickel

Soap Power Supply (select one)

◯ AC	AC Power [4]
◯ BA	Battery – 4x D-cell batteries included per dispenser [5]
◯ NONE	No Power Supply [6]

1 Available with Verge faucet selection only.

2 Available with faucet drilling only.

3 Available with Verge faucet or WBD1 selection only.

4 AC power supply with Verge faucet will include either individual AC plug-in adapter or 4-way AC splitter assembly depending on configuration. WashBar Duo with top fill multi-feed will include AC power harness.

5 Available with Verge soap dispenser selection only.

6 Available with soap drilling only.

7 Available with Verge soap or WBD1 selection only.

8 Available with WBD1 selection only.

9 This color contains large, randomly distributed chips.

10 Trim plate finish will match Faucet Finish for PC, BB & BS. All other faucet finishes will receive a PC trim plate.

This information is subject to change without notice.
