desire

creators of the suspension system...

d e s i r e

Think about it. Your office chair is where you spend the most important part of your work day. With Desire, we offer you an opportunity to spend it in a highly comfortable, fully ergonomic chair. Its patented suspension system, combined with a cosy, inviting design featuring enveloping lines that support and coddle your body, will leave you strain-free and tension-free all day long.

d e s i r e

An all steel construction, proven ergonomic technology, a molded foam seat with waterfall edge, removable slipcovers and a broad choice of arms, adjustments and intuitive multi-adjusting mechanisms, even optional inflatable lumbar support: nothing was left out when it came to ensuring comfort, versatility and support.

...for ultimate relaxation!

desire mono

The monoshell version is an ideal seating choice for conference or executive settings. Its pure, voluptuously contoured design supports the natural curve of your back perfectly. DESIRE MONO: a chair that transcends comfort and well-being.

just so many inviting curves...

d e s i r e m o n o

A chair manufactured with our famous patented suspension system that distributes your weight evenly over the seat and back to relieve pressure and make you feel ever so relaxed. With just the right touch of style and function, what more could you DESIRE in a chair?

Change style and look in the blink of an eye with removable slip covers!

small, medium and large seat sizes

To accommodate different statures we have developed 3 seat sizes that differ in width and in depth. So, whatever your size and shape, we have just the right fit for you.
