Features

- Designed in collaboration with Studio McGee
- Single lever handle controls flow to outlets
- 360° handle rotation with three-outlet operation
- 120° handle rotation with two-outlet operation
- When used with K-728 Series MasterShower® diverter valves, handle controls flow to two or three outlets individually or any two outlets at a time
- When used with K-737 series MasterShower® diverter valves, handle controls flow to two or three outlets individually (only one outlet at a time)
- Coordinates with other products in the Castia collection

Material

- Premium material construction with metal handle ensures reliability and durability
- KOHLER finishes resist corrosion and tarnishing

Installation

- Patented K-joint installation technology ensures consistent trim appearance, regardless of variability in valve rough-in
- Wall-mount
- Trim only; requires valve to complete installation (sold separately)
