## Grab and go with the flow

Discover how a truly flexible space takes Flyte. Stowable, stackable, customizable and comfortable, this innovative stacker-nester collection reaches new heights of what a multipurpose chair can do on the fly — in a mighty and mobile design.

Sit back. Nest forward.

As the only angled nester (that also stacks) out there, our innovative Flyte is truly a forward-leaning, space-saving solution. Chairs deploy easily and securely with a latch that locks the seat into position with a satisfying click. And the multiple mesh and upholstery options mean you can take Flyte anywhere.
