# Sable

- **Modular design, reimagined:** Sable's modular construction features field-replaceable parts for easy updates and long-lasting use.
- **Seamless and stylish:** The back pillow is effortlessly attached or removed thanks to a hidden zipper design that keeps things sleek.
- **Effortless maintenance:** Installers can easily access bolts for the legs, arms, and seat cushion, making replacements a breeze.
- **Locked and loaded:** Arms slide into place on secure rails, locked in with durable bolts for unbeatable stability.
