The Cosm Chair wins Mix Interiors "Product of the Year-Task" award.

2017

Herman Miller receives "Rising Star Award" from the Michigan Veterans Affairs Agency (MVAA) for exhibiting new and novel approaches to veteran recruitment and hiring.

Herman Miller is named the 2017 "Corporation of the Year" in the consumer products sector by the Michigan Minority Supplier Development Council (MMSDC).

Herman Miller receives a 2017 SEAL (Sustainability, Environmental Achievement and Leadership) Business Sustainability Award. SEAL Award winners are determined by a holistic methodology measuring applicants against established benchmarks that demonstrate impact and progress toward creating a healthy planet and a sustainable future.

Herman Miller earns the 4 Star Diversity Visionary Award. This award celebrates the diversity, equality, and inclusion work of Herman Miller. The award is presented at the annual Diversity Equity Inclusion Summit, held by the Grand Rapids Area Chamber of Commerce.

Herman Miller is named one of the Best and Brightest in Wellness for the 5th year in a row.

Herman Miller earns its 10th consecutive perfect score in Human Rights Campaign Foundation's 2017 Corporate Equality Index.

As one of the top-scoring companies in the industry for the 13th consecutive year, Herman Miller has qualified for inclusion in RobecoSAM's 2017 Sustainability Yearbook and receives the Bronze Class distinction for excellent economic, environmental, and social sustainability performance. The selection criteria for inclusion in the Yearbook becomes more rigorous each year, and only the top 15 percent of companies within each industry are selected.

Herman Miller once again earns the WorldatWork Seal of Distinction, a unique standard of excellence in work-life effectiveness that shows we provide a distinct, mutually beneficial workplace experience. Herman Miller is the only furniture manufacturer among the 160 companies across the U.S. and Canada honored with the award.

Herman Miller's Mora wins Nightingale Silver Award in the "Furniture Collections" category at the 2017 Healthcare Design Conference.

2016

Herman Miller earns 9th consecutive perfect score in Human Rights Campaign Foundation's Corporate Equality Index and is designated as Best Place to Work for LGBT equality.

Herman Miller is recognized as the Business of the Year at the Annual Meeting of the West Michigan Environmental Action Council (WMEAC) for being an outstanding partner in support of the growth of WMEAC's programs. WMEAC's award goes to the business with the greatest depth and breadth of support, unwavering dedication to environmental action in West Michigan, and a strong corporate commitment to environmental advocacy.

The 101 Best and Brightest Sustainable Companies once again (5th consecutive year) recognizes Herman Miller as an organization in Michigan (and for the first time, in the nation) that exhibits leadership and innovation in its approach to sustainability. This award celebrates those companies that are making their businesses more sustainable, the lives of their employees better, and the community, both locally and globally, more responsible as a whole.

Herman Miller is recognized by the Michigan Minority Supplier Development Council (MMSDC) as a "Corporation of the Year". Additionally, we are the only West Michigan company this year to receive an "Ambassadors Championing Excellence" Award from the MMSDC.

Herman Miller is recognized with "2016 Excellence in Supplier Diversity Award" from the Great Lakes Women's Business Council.

Herman Miller is recognized as a 2016 Healthiest 100 Workplace in America, ranking 49th in the country for our commitment to health and exceptional corporate wellness programming.

Herman Miller receives the Best and Brightest in Wellness Award for the 4th year in a row. This program is an innovative initiative that recognizes and celebrates quality and excellence in health awareness.

The Michigan Occupational Safety and Health Administration renews Herman Miller's "Star" status, the highest workplace safety and health designation, for the Hickory facility in Spring Lake.

Plex Lounge Furniture from Herman Miller receives #MetropolisLikes award at NeoCon 2016.

Plex Lounge Furniture from Herman Miller receives Interior Design HiP Award for Workplace Seating/Lounge at NeoCon 2016.

Herman Miller is named a 2016 Women on Boards Winning Company. Companies selected for this recognition are considered champions of board diversity as 20 percent or more of their board seats are occupied by women.

Herman Miller is selected for inclusion in the 2016 RobecoSAM Sustainability Yearbook for the 12th consecutive year.

Herman Miller again earns the WorldatWork Work-Life 2016 Seal of Distinction. This award identifies organizations that focus on programs that promote work-life balance and overall well-being.

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective October 7, 2024, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest ¹/₈". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon A will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an A are on the assigned lead-time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Description

This rectangular table comes in multiple edge styles and has a laminate top with thermoplastic edge, laminate top with a thermoplastic backed plywood edge, veneer top and edge, or painted top and edge. It has multiple leg options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have $\frac{1}{2}$ leveling range. Shipped knocked down.

Height-adjustable legs have a 5" range in 1" increments.

Notes

18" depth available with square edge only.

C-leg and D-leg cannot be used with either the 18" deep or 36" deep tops. When specifying grommets (253, 254, 255), cutouts will be located in the center of table

Cutouts available for all Connect™ power and data accessories (see Thrive™ Portfolio). Cutouts will be located in the center at approximately 3" from the rear edge of surface.

Reinforcement channels are used under table tops 54" and wider. They will be located along the center line for 18" deep and 24" deep surfaces, and 19" from the front edge for 30" deep surfaces.

For additional details on available edge options see Appendices.

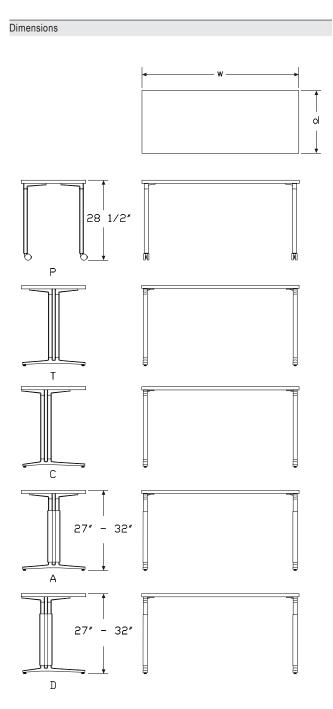

For additional size, edge, finish, and cable management options, see Vary Easy Program in Appendices.

Note: UL listed when used with Connect single circuit electrical product (Y137x.) with post leg (P), T-leg (T) and C-leg (C) options.

 $\label{eq:microbeCare} \mbox{MicrobeCare}^{\mbox{\tiny TM}} \mbox{ is an antimicrobial coating applied to the laminate or veneer surface of this product.}$

| LBF | neutral twill | +\$0 |
| LBJ | graphite twill | +\$0 |
| LBQ | white twill | +\$0 |
| LU | soft white | +\$0 |
| WL | warm stone (CP) | +\$0 |
| WN | warm grey neutral | +\$0 |

Top Finish

For thermally-fused laminate top/thermoplastic edge (M), thermally-fused laminate top/universal edge (T), thermally-fused laminate top/thermoplastic edge with MicrobeCare™ (J), or thermally-fused laminate top/universal edge with MicrobeCare™ (K)

| 125 | natural maple (CP) | +\$0 |
|-----|--------------------------|------|
| 126 | natural cherry (CP) | +\$0 |
| 127 | walnut (CP) | +\$0 |
| 139 | light ash (CP) | +\$0 |
| 140 | warm ash (CP) | +\$0 |
| 8Q | folkstone grey (CP) | +\$0 |
| 91 | white (CP) | +\$0 |
| 98 | studio white (CP) | +\$0 |
| LBA | clear on ash (CP) | +\$0 |
| LBB | oak on ash (CP) | +\$0 |
| LBC | walnut on ash (CP) | +\$0 |
| LBF | neutral twill | +\$0 |
| LBQ | white twill | +\$0 |
| LBU | medium matte walnut (CP) | +\$0 |
| | | |

Top/Edge Finish: Wood Veneer

For veneer top/veneer edge (W) or veneer top/veneer edge with

| Ν | 1ic | robe | :Care™ | (B) |
|---|-----|------|--------|-----|
| | | | | |

| MICIODO | coare (b) | |
|---------|-----------------------|-------|
| 2U | light brown walnut A | +\$50 |

Description

This square table comes in multiple edge styles and has a laminate top with thermoplastic edge, laminate top with a thermoplastic backed plywood edge, veneer top and edge, or painted top and edge. It has multiple leg/base options and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have ½" leveling range. Shipped knocked down.

Notes

48" tops available only with post leg option for optimum stability.

42'' top (4242) with 4-column base (X) available only with glides. Casters are not compatible with this top/base combination.

For additional details on available edge options see Appendices.

For additional size, edge, and finish options, see Vary Easy Program in Appendices.

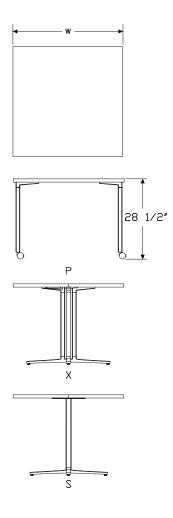

UL listed when used with Connect™ single circuit electrical product (Y137x.) with post leg (P) option.

 $\label{eq:microbeCare} \mbox{MicrobeCare}^{\mbox{\tiny TM}} \mbox{ is an antimicrobial coating applied to the laminate or veneer surface of this product.}$

 $MicrobeCare^{TM}$ protects products from mold, mildew, algae, and bacteria that cause deterioration, discoloration, odors, and stains.

MicrobeCare™ is registered with the US Environmental Protection Agency (EPA).

Description

This oval table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg/base options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have ½" leveling range. Shipped knocked down.

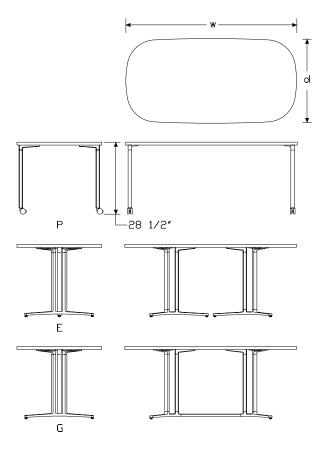

Notes

When specifying grommets (253, 254, 255), cutouts will be located in the center of table.

Cutouts available for all Connect™ power and data accessories (see Thrive™ Portfolio). Cutouts will be located in the center, laterally and front to back. For additional details on available edge options see Appendices.

For additional size, edge, and finish options, see Vary Easy Program in Appendices.

Description

This D-shaped table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have ½" leveling range. Shipped knocked down.

Height-adjustable legs have a 5" range in 1" increments.

Notes

Thin edge and eased edge tops available only with 30" deep surfaces.

T-leg and T-leg with height adjustment cannot be used with 18" deep tops.

Cable grommet options available through Vary Easy Program for round pass through grommet with 21/4" hole clearance. Holes are located 3" from rear edge and 6" from end for the L and R options. Covers not provided with painted surface option.

Cutouts available for all ConnectTM power and data accessories (see ThriveTM Portfolio). Cutouts will be located in the center, laterally, and approximately 3'' from the rear edge of surface.

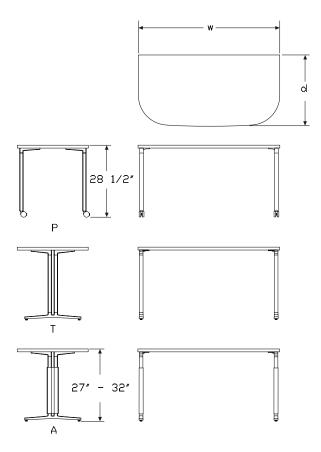

Reinforcement channels are used under table tops 54" and wider. They will be located along the center line for 18" deep and 24" deep surfaces, and 19" from the front edge for 30" deep surfaces.

For additional details on available edge options see Appendices.

For additional size, edge, and finish options, see Vary Easy Program in Appendices.

UL listed when used with Connect single circuit electrical product (Y137x.) with post leg (P) and T-leg (T) options.

Description

This rectangular table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg/base options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have $\frac{1}{2}$ leveling range. Shipped knocked down.

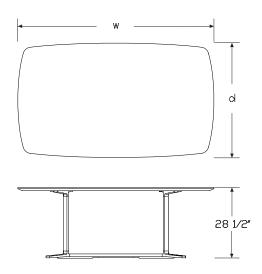

Notes

When specifying grommets (253, 254, 255), cutouts will be located in the center of table.

Cutouts available for all Connect™ power and data accessories (see Thrive™ Portfolio). Cutouts will be located in the center, laterally and front to back. For additional details on available edge options see Appendices.

For additional size, edge, and finish options, see Vary Easy Program in Appendices.

Description

This oval table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg/base options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have ½" leveling range. Shipped knocked down.

Notes

When specifying grommets (253, 254, 255), cutouts will be located in the center of table.

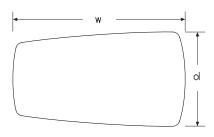

Cutouts available for all Connect™ power and data accessories (see Thrive™ Portfolio). Cutouts will be located in the center, laterally and front to back.

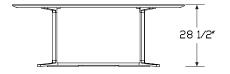

For optimum viewing, video camera should be placed 42″ from large end of table.

For additional details on available edge options see Appendices.

For additional size, edge, and finish options, see Vary Easy Program in Appendices.

Dimensions

Specification Information

Step 1.

DT1G

Step 2. Edge

squared-edge

T. thin-edge

E. eased-edge

Step 3. Depth

42 42" deep

Step 4. Width

72 72" wide

84 84" wide

Step 5. Surface Material

For squared-edge (S.)

L high-pressure laminate top/thermoplastic edge

M thermally-fused laminate top/thermoplastic edge

W veneer top/veneer edge A

P painted Formcoat® top/edge

For thin-edge (T.)

W veneer top/veneer edge A

P painted Formcoat® top/edge

For eased-edge (E.)

P painted Formcoat® top/edge

Step 6. Leg/Base Type

E double 3-column base

G double 3-column base, spanner

Description

This rectangular table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have $\frac{1}{2}$ leveling range. Shipped knocked down.

Height-adjustable legs have a 5" range in 1" increments.

Notes

When specifying grommets (253, 254, 255), cutouts will be located in the center of table.

Cutouts available for all ConnectTM power and data accessories (see ThriveTM Portfolio). Cutouts will be located in the center, laterally, and approximately 3'' from the rear edge of surface.

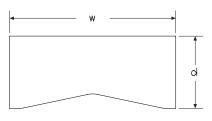

Reinforcement channels are used under table tops 54" and wider. They will be located along the center line for 18" deep and 24" deep surfaces, and 19" from the front edge for 30" deep surfaces.

For additional details on available edge options see Appendices.

For additional size, edge, finish, and cable management options, see Vary Easy Program in Appendices.

UL listed when used with Connect single circuit electrical product (Y137x.) with post leg (P), T-leg (T) and C-leg (C) options.

Dimensions

Specification Information

Step 1.

DT1H

Step 2. Edge

S. squared-edge

T. thin-edge

E. eased-edge

Step 3. Depth

30 30" deep

36 36" deep

Step 4. Width

60 60" wide

66 66" wide

72 72" wide

Step 5. Surface Material

For squared-edge (S.)

L high-pressure laminate top/thermoplastic edge

M thermally-fused laminate top/thermoplastic edge

W veneer top/veneer edge A

P painted Formcoat® top/edge

For thin-edge (T.)

W veneer top/veneer edge A

P painted Formcoat® top/edge

For eased-edge (E.)

P painted Formcoat® top/edge

Step 6. Leg Type

For 30" deep (30)

P post leg

T T-leg

A T-leg with height adjustment

C C-leg

D D-leg

For 36" deep (36)

P post leg

T T-leg

A T-leg with height adjustment

Description

This square table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg/base options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have ½" leveling range. Shipped knocked down.

Notes

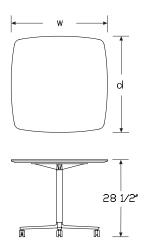

42" and 48" tops are available only with post legs for optimum stability.

For additional details on available edge options see Appendices.

For additional size, edge, and finish options, see Vary Easy Program in Appendices.

UL listed when used with Connect™ single circuit electrical product (Y137x.) with post leg (P) option.

Description

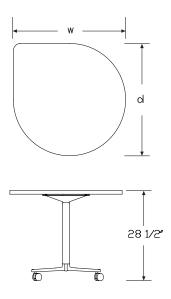

This tear drop table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg/base options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have 1/2" leveling range. Shipped knocked down.

Notes

For additional details on available edge options see Appendices.

For additional size, edge, and finish options, see Vary Easy Program in Appendices.

Product Information

Description

This classroom table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have ½" leveling range. Shipped knocked down.

Height-adjustable legs have a 5" range in 1" increments.

Notes

Cable grommet options available through Vary Easy Program for round pass through grommet with 21/4" hole clearance. Holes are located 3" from rear edge and 6" from end for the L and R options. Covers not provided with painted surface option.

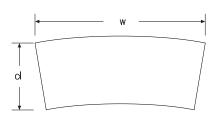

Reinforcement channels are used under table tops 54" and wider. They will be located along the center line for 18" deep and 24" deep surfaces, and 19" from the front edge for 30" deep surfaces.

For additional details on available edge options see Appendices.

For additional size, edge, finish, and cable management options, see Vary Easy Program in Appendices.

UL listed when used with Connect™ single circuit electrical product (Y137x.) with post leg (P) and T-leg (T) options.

Conference Corner Table

DT1ME. DT1MS. DT1MT.

Product Information

Description

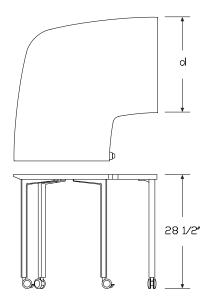

This corner table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg/base options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have ½" leveling range. Shipped knocked down.

Notes

Tables have an additional (5th) leg for stability.

Additional ganging bracket kits (Y1338.) can be used with adjacent tables. For additional details on available edge options see Appendices.

Description

This corner table comes in multiple edge styles and has a laminate top with thermoplastic edge, veneer top and edge, or painted top and edge. It has multiple leg/base options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have ½" leveling range. Shipped knocked down.

Notes

Tables have an additional (5th) leg for stability.

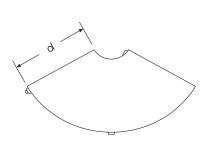

3 36" deep tables ganged together make an 84" diameter table.

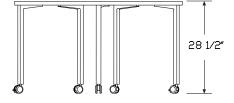

Additional ganging bracket kits (Y1338.), sold separately, can be used to ensure proper alignment with adjacent tables.

For additional details on available edge options see Appendices.

UL listed when used with Connect™ single circuit electrical product (Y137x.) with post leg (P) option.

Description

This rectangular table comes in multiple edge styles and has a laminate top with thermoplastic edge, laminate top with a thermoplastic backed plywood edge, veneer top and edge, or painted top and edge. It has 2 paddles under the front edge that allow the surface to flip up, minimizing space for storage when not in use. The table has T-legs and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have 1/2" leveling range. Shipped knocked down.

Notes

Thin edge and eased edge tops not available with 18"-deep surfaces.

Cable grommet options available through Vary Easy Program for round pass through grommet with 21/4" hole clearance. Holes are located 3" from rear edge and 6" from end for the L and R options. Covers not provided with painted surface option.

Cutouts available for all Connect™ power and data accessories (see Thrive™ Portfolio). Cutouts will be located in the center, laterally, and approximately 3" from the rear edge of surface.

Multiple tables can be nested for storage when surface is flipped up. First table in nest requires 23" of floor space. All additional tables require only 9" of additional space.

Table top overhangs the base by 23/4" on each end.

For additional details on available edge options see Appendices.

Only fabric modesty panel (Y1114.) will enable flip top table to fold as intended. It is the recommended modesty panel for use with flip top tables. It is full length and folds out of the way for table storage.

For additional size, edge, finish, and cable management options, see Vary Easy Program in Appendices.

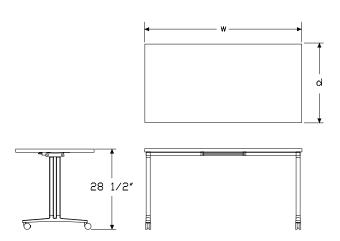

UL listed when used with Connect single circuit electrical product (Y137x.) with T-leg (T) option.

 $\label{eq:microbeCare} \mbox{MicrobeCare}^{\mbox{\tiny TM}} \mbox{ is an antimicrobial coating applied to the laminate or veneer surface of this product.}$

MicrobeCare™ protects products from mold, mildew, algae, and bacteria that cause deterioration, discoloration, odors, and stains.

 $\label{eq:microbeCare} \mbox{MicrobeCare}^{\mbox{\tiny TM}} \mbox{ is registered with the US Environmental Protection Agency (EPA).}$

Description

This product is a kit of a full set of table legs with attachment hardware. It has multiple leg options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have $\frac{1}{2}$ leveling range. Shipped knocked down.

Notes

Height adjustable table legs have a 5" range in 1" increments.

Tabletop must be no more than 30" deep and no less than 24" deep for C and D options. Tabletop must be no more than 36" deep and no less than 18" deep for P, A, and T options.

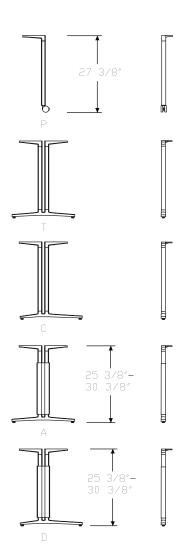

Tabletops 54" and wider are recommended to have a steel support channel. Not recommended for tables wider than 84".

Table leg must be located such that the floor glides are not more than 3" from the front and rear sides for table stability.

Tabletop can over hang sides of table base by no more than 15" for tops 60" and wider.

1" long screws provided with base are recommended to attach to tabletop. Ensure mounting surface is no less than 1" thick.

Description

This product is a kit of a full set of center column table legs with attachment hardware. It has either single column S or 4 column X leg options, and is available with casters or glides. The caster option has 2 locking and 2 non-locking casters. Glides have $\frac{1}{2}$ leveling range. Shipped knocked down.

Notes

Tabletop must be no more than 42" deep and no less than 30" deep for X base

Tabletop must be no more than $36^{\prime\prime}$ deep and no less than $24^{\prime\prime}$ deep for S base.

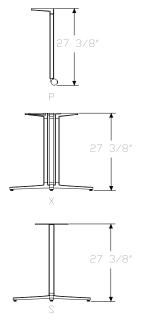

Table base to be centered side-to-side and left-to-right under tabletop.

Tabletop can over hang sides of table base by no more than 15" for tops 60" and wider

1" long screws provided with base are recommended to attach to tabletop. Ensure mounting surface is no less than 1" thick.

Standing-Height Square Table

DT3BE. DT3BS. DT3BT.

Product Information

Description

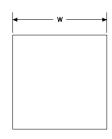

This 42"-high, square table comes in multiple edge styles and has a laminate top with thermoplastic edge, laminate top with a thermoplastic backed plywood edge, veneer top and edge, or painted top and edge. The base has glides with 1½" leveling range. Shipped knocked down.

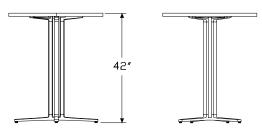

Notes

For additional details on available edge options see Appendices.

For additional size, edge, and finish options, see Vary Easy Program in Appendices.

Description

This tackable fabric screen attaches to a work surface either at the seam or at the right or left edge to provide division and boundary between workers. It attaches with no interference from supports below the work surface. Attachment hardware included.

Notes

Screen height is $13\,1\!2''_2$ or $17\,1\!2''_2$ above work surface, aligning with bead heights of 41" and 45".

Screen width matches work surface depths that have a 1" gap at the back edge.

2 attachment methods ship with the end-of-run right handed (CR) and end-of-run left handed (CL) screen. The screen can be installed using the bracket, or using threaded screws that drill bayonets directly into the surface. See planning guide for exact location of holes.

End-of-run screen does not work on Canvas Beam.

See planning guide for applications and other compatible product lines.

Screen accepts Customer's Own Material (COM). Yardage is estimated for nondirectional 54"-wide fabrics.

For vertical fabric direction (T):

Description

This tackable fabric screen attaches to a work surface at the right or left edge to provide division and boundary between workers. It attaches with no interference from supports below the work surface. Attachment hardware included.

Notes

Screen height is $13\,1\!2''_2$ or $17\,1\!2''_2$ above work surface, aligning with bead heights of 41" and 45".

Screen width matches work surface depths that have a 1" gap at the back edge.

2 attachment methods ship with the end-of-run right handed (CR) and end-of-run left handed (CL) screen. The screen can be installed using the bracket, or using threaded screws that drill bayonets directly into the surface. See planning guide for exact location of holes.

End-of-run screen does not work on Canvas Beam.

See planning guide for applications and other compatible product lines.

Screen accepts Customer's Own Material (COM). Yardage is estimated for nondirectional 54"-wide fabrics.

Description

This modesty panel attaches to a table, desk, peninsula, or work surface. It has a solid MDF core with a laminate or veneer surface, aluminum top rail and attachment brackets. Cable trough is optional. Attachment hardware included.

Notes

Specify modesty panel to be equal to surface width, or 6" less than surface width of a height adjustable table.

Modesty panel dimension is approximately 10" high with width specified in step 1. Actual width $\frac{1}{4}$ " less than specified value.

Modesty panel is field installed.

Brackets are located to work with Connect™ 2-circuit power system.

Modesty panel (Y1113.) may impede ideal folding functionality of flip top table (DT5Ax.). For use with flip top table, modesty panel (Y1114.) is recommended. It comes only with a fabric surface.

Description

This tackable fabric screen attaches to a Canvas work surface to provide boundary with a tackable surface. Attachment hardware included.

Notes

Screen widths are actual dimensions, and extend to the end of Canvas work surfaces

Screen extends 4" below surface to hide attachment hardware.

Screen can be flush with back edge of surface, or provide a 1" gap.

Screens 48" wide and wider include an additional 1"-wide center mounting bracket.

Screen accepts Customer's Own Material (COM). Yardage is estimated for nondirectional 54" wide fabrics.

For vertical fabric direction (T):

Height—Yardage

42-1.49

46-1.73

53—2.18

For horizontal fabric direction (R):

Width—Yardage

40-1.34

42-1.51

46-1.62

48—1.71

52—1.81

54—1.90

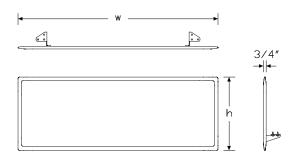

60-2.07

66-2.27

72-2.46

For information on multiple quantities or directional fabrics, contact COM Department. See Order Information in Appendices.

Description

This electrical distributor plugs directly into floor, wall, or ceiling drop outlets. Each module configuration presents the same visual appearance. Grommet mount attachment does not come with the mini grommet (order separately as needed). Cable clips and attachment hardware included. Product is UL listed.

Notes

Grommet mount attachment (Y1414.xxxG) does not come with the mini grommet. Order Logic mini grommet (Y1412.) separately, as needed.

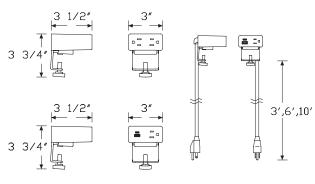

Cable clips for cord management are intended for a 1-time installation.

Clamp versions can be reoriented in the field by a technician.

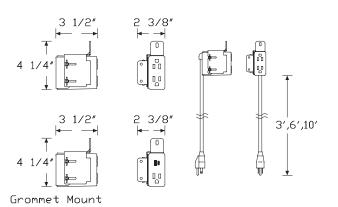

USB ports provide a combined 20 watts of power to charge most devices and tablets at full speed. USB-C provides 15 watts of power and USB-A provides 10 watts of power individually. When using the USB-C and USB-A ports simultaneously, USB-C remains at 15 watts and USB-A reduces to 5 watts. Cord color is predetermined. For white (91) finish cords will be white. For graphite (G1) finish cords will be black.

Grommet mount attachment (Y1414.xxxG) does not come with the mini grommet. Order Logic mini grommet (Y1412.) separately, as needed.

Description

This electrical distributor plugs directly into floor, wall, or ceiling drop outlets. Each module configuration presents the same visual appearance. Cable clips and attachment hardware included. Product is ETL listed to UL962.

Notes

Cable clips for cord management are intended for a 1-time installation.

Clamp versions can be reoriented in the field by a technician.

Jumper length denotes distance between center points of each split point.

Cord length denotes distance from plug end to first split point.

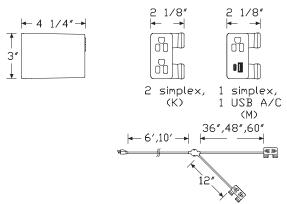

Cord color is black for all module finish colors.

All branch lengths from main power cord to module are 12".

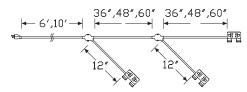

USB ports provide a combined 20 watts of power to charge most devices and tablets at full speed. USB-C provides 15 watts of power and USB-A provides 10 watts of power individually. When using the USB-C and USB-A ports simultaneously, USB-C remains at 15 watts and USB-A reduces to 5 watts. The cord head contains a circuit breaker when there are more than 3 simplex receptacles.

Grommet mount attachment (Y1415.xxxxG) does not come with the mini grommet. Order Logic mini grommet (Y1412.) separately, as needed.

Logic C1000 Universal Clamp Mount Y1423. Distributor

Product Information

Description

This Logic Power Access Solutions™ clamp mounted electrical distributor comes in several widths and configurations of simplex receptacles and USB-A and USB-C charging ports. The unit is powered using a standard power cord with plug end. Data cords can be routed through the integrated opening at the rear of the unit. Product is UL listed.

Notes

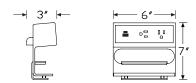

Clamp mounts on worksurfaces 1"-11/4" thick.

Faceplate color matches unit color.

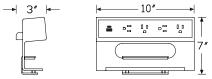

Simplex receptacles have alternating orientation and greater than normal plug spacing to accommodate most plug types.

USB ports provide a combined 20 watts of power to charge most devices and tablets at full speed. USB-C provides 15 watts of power and USB-A provides 10 watts of power individually. When using the USB-C and USB-A ports simultaneously, USB-C remains at 15 watts and USB-A reduces to 5 watts.

Description

This Logic Power Access Solutions™ grommet mounted electrical distributor comes in several widths and configurations of simplex receptacles and USB-A and USB-C charging ports. The unit is powered using a standard power cord with plug end, or an IEC connector when used with Renew™ Sitto-Stand tables. An integrated cord keeper at the face of the unit captures data cords. The unit pivots from a closed position to 135° allowing easy access to power and data cords stored beneath the unit. Product is UL listed.

Notes

Field cutting of grommet cutout is possible.

IEC connector for Renew power type (C) includes short cord designed to connect to the Renew table power cord through-leg option. Actual cord length may vary.

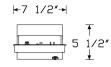

Simplex receptacles have alternating orientation and greater than normal plug spacing to accommodate most plug types.

USB ports provide a combined 20 watts of power to charge most devices and tablets at full speed. USB-C provides 15 watts of power and USB-A provides 10 watts of power individually. When using the USB-C and USB-A ports simultaneously, USB-C remains at 15 watts and USB-A reduces to 5 watts. Refer to Renew Sit-to-Stand Tables planning guide for specific application information.

20' cord/conduit length (20) is recommended for Exclave® applications.

Description

This electrical distributor can grommet-mount flush in a surface, or clamp-mount to the edge. It can be configured with several combinations of simplex receptacles, data openings, and USB charging ports. The distributor is available with a power cord with plug end, or electrical conduit for hardwire connection. A voice/data adapter kit is included, allowing the data openings to accept various manufacturers' couplers and jacks. Attachment hardware and cord/cable clips are also included. Product is UL listed.

Notes

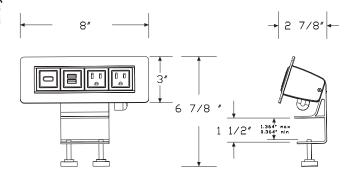

Field cutting of surface may be required. Information on surface cutout size is included on instruction sheet.

Silver option (0I) and white option (0J) have painted metal trim with white plastic simplex/data interiors. Black option (0H) has black painted trim with black plastic simplex/data interior.

Overall width for distributor with 4 openings is 8" wide. Overall width for distributor with 6 openings is 11" wide.

USB port charges at 2.1 amps.

Description

This electrical distributor mounts flush in a surface and has a one-touch pop-up mechanism for accessing power and data. It can be configured with 2 simplex receptacles and 2 data openings, or 3 simplex receptacles and 4 data openings. The distributor is available with a power cord with plug end, or electrical conduit for hardwire connection. A voice/data adapter kit is included, allowing the data openings to accept various manufacturers' couplers and jacks. Attachment hardware and cord/cable clips are also included. Product is UL listed.

Notes

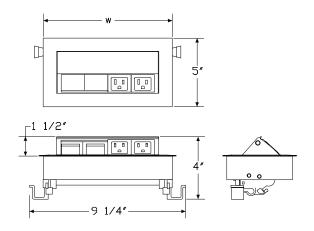

Field cutting of surface may be required. Information on surface cutout size is included on instruction sheet.

Distributor with PVC-free wiring option (LZ) is Cradle to Cradle Silver Certified.

Distributor with silver anodized finish option (0K) and standard wiring (4Z) has anodized trim with white plastic simplex/data interior. Distributor with silver anodized finish option (0K) and PVC-free wiring (LZ) has anodized trim with black plastic simplex/data interior.

Overall width for distributor with 2 simplex receptacles, 2 data openings option (3) is $8\frac{1}{4}$ " wide. Overall width for distributor with 3 simplex receptacles, 4 data openings option (5) is $12\frac{3}{4}$ " wide.

GSA Everywhere[™] Tables Price Book (3/25)

\$60

Description

These cord covers attach to Everywhere™ table T-leg and Y-leg sections that have either casters or glides. The covers are field installed, and are easily removed and reinstalled for ease of cable management.

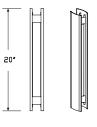

Notes

The T cover works with both the (T) and (C) base options.

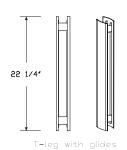

The Y cover works with both the (E) and (G) base options.

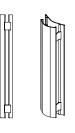

To ensure proper height of the covers, select (C) if your table has casters or select (G) if your table has glides.

Description

This modesty panel attaches to a table, desk, peninsula, or work surface. It has a solid MDF core with a laminate or veneer surface, aluminum top rail and attachment brackets. Cable trough is optional. Attachment hardware included.

Notes

Specify modesty panel to be equal to surface width, or 6" less than surface width of a height adjustable table.

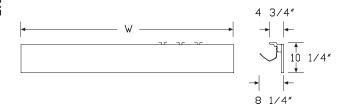

Modesty panel dimension is approximately 10" high with width specified in step 1. Actual width 1/4" less than specified value.

Modesty panel is field installed.

Brackets are located to work with Connect™ 2-circuit power system.

Modesty panel (Y1113.) may impede ideal folding functionality of flip top table (DT5Ax.). For use with flip top table, modesty panel (Y1114.) is recommended. It comes only with a fabric surface.

Description

This electrical distributor plugs directly into floor, wall, or ceiling drop outlets. Each module configuration presents the same visual appearance. Grommet mount attachment does not come with the mini grommet (order separately as needed). Cable clips and attachment hardware included. Product is UL listed.

Notes

Grommet mount attachment (Y1414.xxxG) does not come with the mini grommet. Order Logic mini grommet (Y1412.) separately, as needed.

Cable clips for cord management are intended for a 1-time installation.

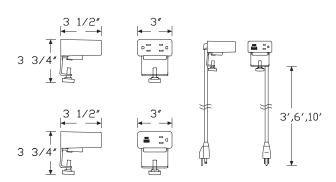

Clamp versions can be reoriented in the field by a technician.

USB ports provide a combined 20 watts of power to charge most devices and tablets at full speed. USB-C provides 15 watts of power and USB-A provides 10 watts of power individually. When using the USB-C and USB-A ports simultaneously, USB-C remains at 15 watts and USB-A reduces to 5 watts.

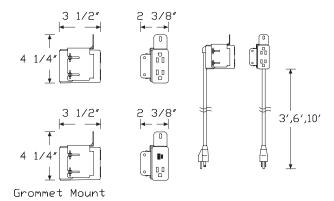

Cord color is predetermined. For white (91) finish cords will be white. For graphite (G1) finish cords will be black.

Grommet mount attachment (Y1414.xxxG) does not come with the mini grommet. Order Logic mini grommet (Y1412.) separately, as needed.

Description

This electrical distributor plugs directly into floor, wall, or ceiling drop outlets. Each module configuration presents the same visual appearance. Cable clips and attachment hardware included. Product is ETL listed to UL962.

Notes

Cable clips for cord management are intended for a 1-time installation.

Clamp versions can be reoriented in the field by a technician.

Jumper length denotes distance between center points of each split point.

Cord length denotes distance from plug end to first split point.

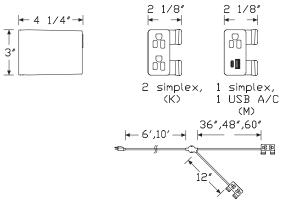

Cord color is black for all module finish colors.

All branch lengths from main power cord to module are 12".

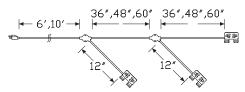

USB ports provide a combined 20 watts of power to charge most devices and tablets at full speed. USB-C provides 15 watts of power and USB-A provides 10 watts of power individually. When using the USB-C and USB-A ports simultaneously, USB-C remains at 15 watts and USB-A reduces to 5 watts. The cord head contains a circuit breaker when there are more than 3 simplex receptacles.

Grommet mount attachment (Y1415.xxxxG) does not come with the mini grommet. Order Logic mini grommet (Y1412.) separately, as needed.

Logic C1000 Universal Clamp Mount Distributor

Product Information

Description

This Logic Power Access Solutions™ clamp mounted electrical distributor comes in several widths and configurations of simplex receptacles and USB-A and USB-C charging ports. The unit is powered using a standard power cord with plug end. Data cords can be routed through the integrated opening at the rear of the unit. Product is UL listed.

Notes

Clamp mounts on worksurfaces 1"-11/4" thick.

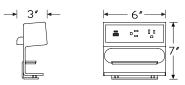

Faceplate color matches unit color.

Simplex receptacles have alternating orientation and greater than normal plug spacing to accommodate most plug types.

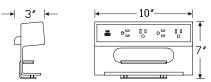

USB ports provide a combined 20 watts of power to charge most devices and tablets at full speed. USB-C provides 15 watts of power and USB-A provides 10 watts of power individually. When using the USB-C and USB-A ports simultaneously, USB-C remains at 15 watts and USB-A reduces to 5 watts.

Description

This Logic Power Access Solutions™ grommet mounted electrical distributor comes in several widths and configurations of simplex receptacles and USB-A and USB-C charging ports. The unit is powered using a standard power cord with plug end, or an IEC connector when used with Renew™ Sitto-Stand tables. An integrated cord keeper at the face of the unit captures data cords. The unit pivots from a closed position to 135° allowing easy access to power and data cords stored beneath the unit. Product is UL listed.

Notes

Field cutting of grommet cutout is possible.

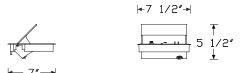

IEC connector for Renew power type (C) includes short cord designed to connect to the Renew table power cord through-leg option. Actual cord length may vary

Simplex receptacles have alternating orientation and greater than normal plug spacing to accommodate most plug types.

USB ports provide a combined 20 watts of power to charge most devices and tablets at full speed. USB-C provides 15 watts of power and USB-A provides 10 watts of power individually. When using the USB-C and USB-A ports simultaneously, USB-C remains at 15 watts and USB-A reduces to 5 watts. Refer to Renew Sit-to-Stand Tables planning guide for specific application information.

20' cord/conduit length (20) is recommended for Exclave® applications.

Connect™ - S720 - Connect Single Circuit Power Unit

Y1372.

Product Information

Description

This dedicated modular single circuit electrical distributor mounts flush in a surface and has a one-touch pop-up mechanism for accessing power and data. It can be configured with 2 simplex receptacles, or 1 simplex receptacle and 1 data opening. Cord length is 60". A maximum of 8 single circuit electrical distributors can be daisy chained per power entry. A voice/ data adapter kit is included, allowing the data openings to accept various manufacturers couplers and jacks. Attachment hardware and cord/cable clips are also included.

Notes

Field cutting of surface may be required. For information on surface cutout size, see included instruction sheet.

UL listed when used in conjunction with most Everywhere $\ensuremath{^{\text{\tiny{TM}}}}$ fixed height tables.

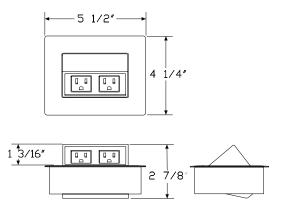

To gang tables together per electrical code requirements, order ganging bracket kit (Y1338.) separately.

Order single circuit power entry (Y1377.) separately.

Where lengths of greater than 60" are needed, order single circuit jumpers (Y1378.) separately. Each single circuit jumper counts toward the 8 allowed electrical distributors per power entry.

Silver option (0I) and white option (0J) have painted metal trim with white plastic simplex/data interiors. Black option (0H) has black painted trim with black plastic simplex/data interior.

Connect™ - S750 - Connect Single Y1375. Circuit Power Unit

Product Information

Description

This dedicated modular single circuit electrical distributor mounts flush in a surface and has a flip-up lid for accessing power and data from above or below the surface. The lid can be closed once devices are connected for a clean visual appearance. The distributor has 2 simplex receptacles and 2 data openings, and a 60" cord. A maximum of 8 single circuit electrical distributors can be daisy chained per power entry. A voice/data adapter kit is included, allowing the data openings to accept various manufacturers couplers and jacks. Attachment hardware and cord/cable clips are also included.

Notes

Field cutting of surface may be required. For information on surface cutout size, see included instruction sheet.

UL listed when used in conjunction with most Everywhere™ fixed height tables.

To gang tables together per electrical code requirements, order ganging bracket kit (Y1338.) separately.

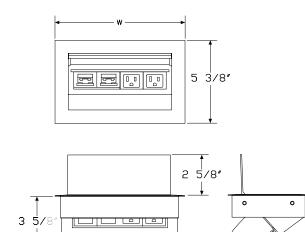

Order single circuit power entry (Y1377.) separately.

Where lengths of greater than 60" are needed, order single circuit jumpers (Y1378.) separately. Each single circuit jumper counts toward the 8 allowed electrical distributors per power entry.

Silver anodized option (0K) has anodized trim with white plastic simplex/data interior.

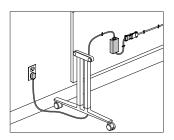

Overall width for distributor with 2 simplex receptacles, 2 data openings is 8% wide.

Product Information

Description

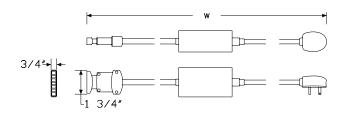

This standard receptacle 15-amp power entry provides power for single circuit electrical distributors. Up to 8 single circuit modular electrical distributors can be daisy chained and connected in any order. If more than 8 units are connected to this power entry, the system automatically shuts down and a red LED illuminates. A green LED indicates that more units can be connected and the system is ready. Standard attachment hardware is included.

Notes

UL listed when used in conjunction with most Everywhere™ fixed height tables.

Order electrical distributors (Y1372., Y1373., Y1374., Y1375.) and single circuit jumpers (Y1378.) separately.

20-Day or Less/Assigned Lead-Time Order Information

GSA

20-Day or Less and Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

Products are distributed from multiple manufacturing facilities across the United States. All products and options not designated by an Assigned Lead-Time icon A will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an A are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Ordering Procedure

Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.

Order Entry fax number for Meridian ${\rm @\ Filing\ and\ Storage:}$

(616) 846 9236.

Order Entry fax number for all other products:

(616) 654 3085.

Stain-to-Match Program

Program Overview

The Stain-to-Match program gives you the option of using veneer finishes that are not listed in the standard offering. The program allows Herman Miller to match a customer's existing recut or natural veneer, or create a new finish that is unique to an installation.

Specific information on approval, ordering, pricing, and warranty for the Stain-to-Match program is listed below. Questions and requests for assistance may be directed to Herman Miller Options at:

(800) 654 3910

Ordering Products with Stain-to-Match Veneers

- Fill out the Options Stain-to-Match Request Form and send along with a color sample (2" x 3" minimum) to the Herman Miller Options Applications Team at the address provided on the form. The form can be found on Omni.
- 2. Within 7-10 working days, Herman Miller Options will send a sample of the color-matched stain on Herman Miller veneer to the requester for the customer's signed approval.
- 3. If the sample meets the customer's approval, sign the reverse side of the sample, scan and email the approval to: options@hermanmiller.com.
- 4. After the stain has been approved, a formal quotation with special number and pricing can be provided, or the product can be specified through the Vary Easy program, if available. Work with the Options team on final product needs and how to specify.
- 5. A purchase order can then be placed.

Stain-to-Match Warranty

Herman Miller warrants its products to be free from defects in craftsmanship from the date of delivery for the applicable warranty period. Herman Miller is responsible for the physical properties of the veneers available through the Stain-to-Match program, which include:

STA: Stain-to-Match on Recut Ash STC: Stain-to-Match on Cherry

STD: Stain-to-Match on Oak

STK: Stain-to-Match on Reltech Anigre (Geiger)

STP: Stain-to-Match on Maple

STU: Stain-to-Match on Walnut (Geiger)

See your specification tool for product specific finish offering limitations.

HermanMiller April 2023

Program Overview

The Vary Easy program offers expanded product selections beyond what is available through our standard offering. From expanded material and finish lists, to size availability, to completely new product configurations, the Vary Easy program offers it all at standard pricing, warranty, and lead-time.

Specifying Vary Easy using Made-to-Measure Plus

Vary Easy products are now available by clicking the Vary Easy/ Options tile in the Made-to-Measure Plus tool.

Made-to-Measure Plus is a web-based tool available through Omni that takes the guesswork out of specifying products and service parts. It's quickly evolving to become your one-stop shop for specifying Herman Miller products and service parts, particularly customized product like Vary Easy and HM Options.

Vary Easy products are no longer published in marketing SIF for importing into specIT and other third-party specifiers. Specifying through the Made-to-Measure Plus tool allows us to make frequent updates and offer more complex products. It allows you to easily specify and price products and download SIF files to import into your specification tool. The acknowledgement process for Vary Easy products is the same as for any standard order. Vary Easy products ship with a standardized lead-time and are competitively priced.

For step-by-step instructions, reference the Made-to-Measure Plus page under Tools & Resources on Omni to watch the how-to video and to see how easy it is to specify Vary Easy products in Made-to-Measure Plus.

For Vary Easy product and specification questions, contact Product Services at 866 854 3048 (ext #1).

For technical questions about the Made-to-Measure Plus tool, contact Sales Technology Support at 866 854 3048 (ext #4) or sts@hermanmiller.com.
