Introduction

A Note on the Organization of This Book

There are a few signals that will help you understand the organization of this book. Once you know them, you should be able to find your way around easily.

Like a newspaper, this book is formatted with columns of text and illustrations that run vertically.

Information wraps from one column to the next and continues for as many pages as it needs to.

Black bars are clues.

A black bar at the top of a page signals the start of information about a product.

This information is divided into two sections, each signaled by a black bar. Product Information includes a description, additional notes, and dimensional drawings. Specification Information, which always begins at the top of a column, includes a series of steps. Each step represents a decision you need to make in order to complete your product number. Steps must be followed sequentially. The number of pages needed to complete information on a product varies; some will be complete in one page; others may fill three or four pages. Just continue going through the steps until you run into the next product, signaled by the black bar at the top of the page.

Black tabs running along the outside edge of the page help you locate what section you are in or what section you want to go to. You can thumb forwards or backwards to find a section; tabs and text appear on both sides of the page.

The additional pages in the back of the book include the appendices and indices. They are signaled by a long black bar running along the outside edge of the page.

The index is presented two ways.

The first index is in alphabetical order by product name. It can be helpful if you are new to the products and numbering scheme or if you are looking for a type of product, such as work chair or round table.

The second index is by product number. It lists, in alphanumeric order, the base product number, typically a five-digit number.

General Information

This book is effective February 3, 2025, subject to change without notice. Products may be purchased from authorized Herman Miller dealers who will quote prices upon request. For more information about our products and services or to see a list of dealers, visit www.HermanMiller.com.

All prices are list prices. Additional services, such as planning services, design, storage, and installation, are not included and must be added to these prices when the additional services are requested.

Illustrations, specifications, and prices are based on the latest information at the time of publication. The right is reserved to make changes at any time without notice in prices, fabrics, finishes, materials, specifications, and models, and also to discontinue models and finishes.

Dimensions shown in the drawings are engineering drawing dimensions rounded up to the nearest $1/8$". Product is shipped set up or knocked down. Products that include "Shipped knocked down" in the description require some assembly. If this statement does not appear in the description, the product is shipped assembled.

Service problems are normally handled by a Herman Miller authorized dealer. Where this cannot be accomplished on a local level, service problems should be referred to the Customer Care Representative for your region, Herman Miller, Inc., Zeeland, Michigan 49464.

20-Day or Less/Assigned Lead-Time Shipments

All products and options in this price book not designated by an Assigned Program icon [A] will ship in **20 business days or less** after being acknowledged by Herman Miller.

Products and options designated by an [A] are on the assigned lead- time program and may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

72"H Clinical Supply Storage Cart

continued

99	key number 99 A		+$0
Storage and Technology Cart   CTT.

Product Information

Description

Storage and technology carts provide the ability to combine charting, inventory management, and storage in 1 cart. This cart has Flo® through-mount hardware installed on the left side of the cart top and is ready to accept a Flo monitor arm, sold separately. The cart has a raised-edge top and an optional shelf that slides out on the left or right side. It comes with a rail-attached power outlet strip or a bracket to mount a field-supplied power strip, and a cable management channel. There are 2 1″-diameter holes in the upper back of the cart body on the left and right sides for routing mouse and keyboard wires, and 10 interior slots at 3″ intervals. When using the keyboard shelf, there are 9 available interior slots. The cart has 5″ casters; 2 swivel/brake casters in front, 2 swivel casters in back.

Flo is an easy to move, slim profile monitor arm that can support a single flat panel monitor or laptop holder. It has a $13\frac{1}{4}$″ height-adjustment range, a $20\frac{5}{8}$″ extension range, and allows the monitor to tilt 40° upward and –40° downward. The arm includes a quick-disconnect feature that allows easy installation and removal of a monitor or laptop holder. It has integrated cable management along the underside of the arm, and a visual indicator that shows the arm's tension setting. The arm meets VESA 75mm and 100mm standards (Video Electronic Standards Association-Mounting Interface Standard). An allen wrench for adjusting arm tension is included. Cart ships with Flo through-mount hardware attached. The arm slides onto the mount; no additional hardware required.

Notes

Keyboard shelf has full-extension drawer slides and holds up to 25 pounds. Finish is black.

Cart is compatible only with Flo monitor arm.

Flo arm accommodates monitor and laptop weights ranging from 7 to 20 pounds.

Order the following products separately:
• Flo single screen monitor arm-arm only (Y92090.)
• Optional laptop mount (Y91177.) for Flo arm
• Cord wrap (CT779.)
• Drawers, drawer accessories, shelves, cassettes, and holders
• Rail-mounted electrical components, containers, and holders

Flo monitor arm will always mount on left side of cart and CPU holder on the right side to balance the weight.

Laptop mount (Y91177.) requires 100mm VESA plate (not included). It supports laptops of varying widths up to 11″ deep and $1\frac{1}{2}$″ thick. It supports docking stations up to 11″ wide and 5″ deep.

Flip-up shelf (CT750.) cannot be mounted on the same side of the cart as the CPU holder.

Side-mounted CPU holder finish is soft white (LU).

Side-mounted CPU holder width adjusts to hold computer cases ranging from 4″-$6\frac{1}{2}$″ wide. Maximum cube space for CPU cases is $6\frac{1}{2}$″ wide×13″ deep×25″ high. Maximum weight capacity of CPU holder is 50 pounds.

Locking Storage and Technology Cart   CTTL.
Product Information

Description

Storage and technology carts provide the ability to combine charting, inventory management, and storage in 1 cart. Flo® through-mount hardware comes installed on the left side of the cart top and is ready to accept a Flo monitor arm, sold separately. This 42″-high cart includes a divider between keyboard tray and storage to allow keyboard access while the storage can remain locked by the 36″-high lock bar. The cart has a raised-edge top and an optional shelf that slides out on the left or right side. It comes with a rail-attached power outlet strip or a bracket to mount a field-supplied power strip, and a cable management channel. There are 2 1″-diameter holes in the upper back of the cart body on the left and right sides for routing mouse and keyboard wires, and 8 interior slots at 3″ intervals. The cart has 5″ casters; 2 swivel/brake casters in front, 2 swivel casters in back.

The lockbar prevents unauthorized access to drawers or cassette bins. It offers multiple security and access options and re-locks automatically when closed. Keyless entry options have a sleep mode for tamper protection when several incorrect codes are entered, a 9-volt battery "jump" capability, and a keyed backup. Batteries included.

The proximity reader will read most low frequency HID Prox Cards (125 kHz). The use of a card other than one from Herman Miller, Inc., should be verified. Various combinations of "user" and "supervisor" codes can be set.

Flo is an easy to move, slim profile monitor arm that can support a single flat panel monitor or laptop holder. It has a 13¼″ height-adjustment range, a 20⅝″ extension range, and allows the monitor to tilt 40° upward and –40° downward. The arm includes a quick-disconnect feature that allows easy installation and removal of a monitor or laptop holder. It has integrated cable management along the underside of the arm, and a visual indicator that shows the arm's tension setting. The arm meets VESA 75mm and 100mm standards (Video Electronic Standards Association-Mounting Interface Standard). An allen wrench for adjusting arm tension is included. Cart ships with Flo through-mount hardware attached. The arm slides onto the mount; no additional hardware required.

Notes

Keyboard shelf has full-extension drawer slides and holds up to 25 pounds. Finish is black.

Cart is compatible only with Flo monitor arm.

Flo arm accommodates monitor and laptop weights ranging from 7 to 20 pounds.

Order the following products separately:
• Flo single screen monitor arm-arm only (Y92090.)
• Optional laptop mount (Y91177.) for Flo arm
• Cord wrap (CT779.)
• Drawers, drawer accessories, shelves, cassettes, and holders
• Rail-mounted electrical components, containers, and holders
• Proximity access (CT623.)

Flo monitor arm will always mount on left side of cart and CPU holder on the right side to balance the weight.

Laptop mount (Y91177.) requires 100mm VESA plate (not included). It supports laptops of varying widths up to 11″ deep and 1½″ thick. It supports docking stations up to 11″ wide and 5″ deep.

Flip-up shelf (CT750.) cannot be mounted on the same side of the cart as the CPU holder.

Side-mounted CPU holder finish is soft white (LU).

Side-mounted CPU holder width adjusts to hold computer cases ranging from 4″-6½″ wide. Maximum cube space for CPU cases is 6½″ wide×13″ deep×25″ high. Maximum weight capacity of CPU holder is 50 pounds.

Single-Wide Cart, Dual Access CT142.

Product Information

Description
This 42″-high cart provides access to the interior from the front and back, making it ideal for use as a response cart. It has a raised-edge top and an optional shelf that slides out on the left or right. A breakaway bar at front and back are also included. The cart has 5″ casters; 2 swivel/brake casters in front, 2 swivel casters in back. It has a 24″-wide interior and slots at 3″ intervals (7 slots in the front and 3 slots in the back) to hold interior components.

Notes
Order the following products separately:
• Cart-mounted shelves, rails, trays, and holders
• Drawers, drawer accessories, shelves, cassettes, and holders
• Rail-mounted electrical components, containers, and holders

Product Information

Description

This 20″-deep cart has 1 swivel/brake caster and 1 swivel/direction-lock caster in front, 2 swivel casters in back, and bumpers on all 4 corners. A pull handle is installed on the left side of segment 4. 36″- and 42″-high carts have a flat top and 5″casters; the 72″-high cart has a flat top and 6″ casters. The 36″- and 42″-high carts are available with a top or full spine; the 72″-high cart is available with or without a spine.

Notes

Height, spine, and interior slot combinations are:
Height—Spine—Interior Slots
36″—top spine—2 single-wide slots and 7 double-wide slots
36″—full spine—16 single-wide slots
42″—top spine—2 single-wide slots and 9 double-wide slots
42″—full spine—20 single-wide slots
72″—no spine—20 double-wide slots
72″—partial spine—16 single-wide slots and 12 double-wide slots
72″—full spine—40 single-wide slots

Top spine extends 3″ from the top of a 36″- or 42″-high cart. Partial spine extends 27½″ from the bottom of a 72″-high cart and includes a double-wide wire shelf.

Order the following products separately:
• Cart-mounted shelves, rails, trays, and holders
• Closure and lock components
• Drawers, drawer accessories, shelves, cassettes, and holders
• Rail-mounted electrical components, containers, and holders

Drawer CT501.
CT511.

Product Information

Description

This drawer fits into a single- or double-wide cart and has stops to prevent accidental removal. It is available with no lock, a keyed lock, keyless lock, or RFID lock. Includes 1 label clip.

The 3″-high drawer fills 1 set of cart slots; the 6″-high drawer fills 2 sets of cart slots; the 9″-high drawer fills 3 sets of cart slots.

Notes

Order optional accessories separately:
• 3″-high drawer organizer kit, 20″-wide cart interior (CT580., CT581., CT582., CT583., CT584., or CT585.)
• 3″-high drawer organizer kit, 24″-wide cart interior (CT560., CT561., CT562., CT563., or CT564.)
• 6″-high drawer organizer kit, 20″-wide cart interior (CT575. or CT576.)
• 6″-high drawer organizer kit, 24″-wide cart interior (CT570. or CT571.)
• Clear lid (CT508.)
• Drawer/shelf divider (CT550.)
• Full-extension drawer slides (CT504.) for 3″- or 6″-high drawer with no lock

Drawer with keyed or keyless lock cannot be used with full-extension drawer slides.

Drawer with keyless lock (P) or RFID lock (R) option cannot be used with lockbar installed on left side of cart.

Keyed lock is located on right side; keyless lock and RFID lock are located on left side.

For general information on locks, see Keyed-Alike Information in Appendices.

Procedure/Supply Carts—Interior Components

Drawer with Lockable Lid

CT503.
CT513.

Product Information

Description

This 15¼″-deep drawer fits into a single- or double-wide cart. It has a soft white, lockable lid that can open when the drawer is pulled out. The drawer has stops to prevent accidental removal and includes 1 label clip.

The 3″-high drawer is 2⅞″ high and fills 1 cart slot; the 6″-high drawer is 5⅞″ high and fills 2 cart slots; the 9″-high drawer is 8⅞″ high and fills 3 cart slots.

Notes

To fully extend 3″- or 6″-high drawer in 36″- or 42″-high cart, order full-extension drawer slides (CT504.) separately.

For B-size drawer with lockable lid, order A-size subcontainer only. For C-size drawer with lockable lid, order A- or B-size subcontainers only.

For general information on locks, see Keyed-Alike Information in Appendices.

Locked Drawer with Lockable Lid

CT505.
CT515.
Product Information

Description

This drawer fits into a single- or double-wide cart and has stops to prevent accidental removal. It has a soft white, lockable lid that can open when the drawer is pulled out, and is available with a keyed lock, keyless lock or RFID lock. Includes 1 label clip.

The 3″-high drawer fills 1 set of cart slots; the 6″-high drawer fills 2 sets of cart slots; the 9″-high drawer fills 3 sets of cart slots.

Notes

Drawer with keyless lock (P) or RFID lock (R) option cannot be used with lockbar installed on left side of cart.

Keyed lock is located on right side; keyless lock and RFID lock are located on left side.

For B-size drawer with lockable lid, order A-size subcontainer only. For C-size drawer with lockable lid, order A- or B-size subcontainers only.

For general information on locks, see Keyed-Alike Information in Appendices.

Product Information

Description

This storage container fits into a drawer or onto a dispensing rail to organize and store small items. Package contains 12.

The A-size subcontainer is used with an A-size drawer (without lid) or A-size dispensing rail. It is $2\frac{9}{16}''$ high; depth and width dimensions are:

Type—Depth—Width

A-1—$4\frac{9}{16}''$—$4\frac{9}{16}''$

A-2—$9\frac{3}{16}''$—$4\frac{9}{16}''$

A-3—$13\frac{13}{16}''$—$4\frac{9}{16}''$

A-4—$18\frac{7}{16}''$—$4\frac{9}{16}''$

A-5—$9\frac{3}{16}''$—$9\frac{3}{16}''$

A-8—$13\frac{13}{16}''$—$2\frac{1}{4}''$

The B-size subcontainer is used with a B-size drawer (without lid), B-size dispensing rail, or C-size drawer. It is $5\frac{3}{16}''$ high; depth and width dimensions are:

Type—Depth—Width

B-1—$4\frac{9}{16}''$—$4\frac{9}{16}''$

B-3—$13\frac{13}{16}''$—$4\frac{9}{16}''$

B-5—$9\frac{3}{16}''$—$9\frac{3}{16}''$

Notes

Keyless Lock Bar   CT625.

Product Information

Description

This bar prevents unauthorized access to drawers or cassette bins within a 36″- or 42″-high cart. It offers multiple security and access options and re-locks automatically when closed. The standard keyless lock option allows access using a single programmable code that can be changed by a supervisor. The RFID lock allows users to access the cart using proximity cards.

Product Information

Description

This proximity access provides access to a cart lockbar with proximity reader lock (CT625.R). It is available as a card, or as a sticker that can be attached to an I.D. badge. Package of 10.

Notes

Proximity access card has a slot for attaching a lanyard, clip, or other carrying device.

Proximity access sticker cannot be attached to a proximity I.D. badge with the same frequency (125 kHz).

Cards (or stickers) have identical codes. For individual codes, contact Options.

Corner Shelf   CT761.
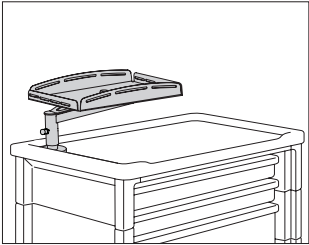

Product Information

Description

This shelf attaches to the left rear corner of a cart top. The top pivots 360°
on the mounting arm. The mounting arm can be released to swivel 90°.
Straps can hold contents stored on the shelf. Finish is soft white.

Notes

Cannot be field installed on a cart with slide-out shelf.

Above-cart rail and above-cart shelf cannot be installed on same cart with
this shelf.

20-Day or Less/Assigned Lead-Time Programs

20-day or less and assigned lead-time products are designed for established Herman Miller dealers with pre-approved credit.

   Products are distributed from multiple manufacturing facilities across the United States. All products and options not designated by an Assigned Lead-Time icon Ⓐ will ship in 20 business days or less after being acknowledged by Herman Miller. Products and options designated by an Ⓐ are on the assigned lead-time program and will ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

Ordering Procedure

Please place orders through Order Manager. If this is not available to you, place orders through mail or fax. Verbal purchase orders will not be accepted.

   Order Entry fax number: (616) 654 3085.

For more information, contact your Customer Care representative at: (866) 854 3048 ext 3400

Shipments and Delivery

Per Herman Miller Terms and Conditions.

Changes and Cancellation

Per Herman Miller Terms and Conditions.

Packaging/Keyed-Alike Information — Procedure/Supply Carts

Packaging

Packaging varies according to individual product. A surcharge may be added for special packaging requests. Contact Customer Care for specific information.

Keyed-Alike Locks

All components with locks may be specified keyed alike. Products with keyed-alike locks will be shipped with lock plugs installed. Procedure/supply carts have Medeco locks.

To order keyed-alike locks:

1. Choose keyed-alike product number.
2. Specify a key number if desired (01 through 99). If no key number is specified, one will be selected for you.
3. Specify the quantity of each kind of component to be keyed-alike.

To remove lock plugs from existing components, loosen the hex nut inside the product and remove the plug.

Customers interested in ordering master keys for procedure/supply carts products should contact their local authorized dealer with a written request.

For more information about our products and services or to see a list of dealers, please visit us at HermanMiller.com or call (800) 851 1196.

Distribution Rights

Working together since 1956, Herman Miller and Vitra are the authentic sources of designs by Charles and Ray Eames, Alexander Girard, and George Nelson. All the designs shown in this book are protected by law. Herman Miller has obtained all rights to make and sell these designs. Also, Herman Miller holds exclusive worldwide manufacturing and distribution rights for these products with the following exceptions:

Charles and Ray Eames, George Nelson, and Alexander Girard—Worldwide distribution rights for furniture in all areas except Europe and the Middle East. For those areas, please contact Vitra.

Isamu Noguchi—Worldwide distribution rights for the Noguchi Rudder Table. Distribution rights for the Noguchi Table in North America and Central America only. For all other areas, please contact Vitra.

Magis—Exclusive distribution rights in the US and Canada. For all other areas, please contact Magis.
