

Nemschoff® Steps Lounge System & Tables

Get creative with your configurations using a modular lounge system that lets you define space, direct visitor flow, and add visual interest. The Steps system provides guest seating in waiting areas and lobbies through imaginative combinations of just three modular seating pieces—two wedge-shaped and one straight. By linking these modules in various ways, you can create countless configurations, including straight, curved, circular, S-shaped, serpentine—pretty much anything. Add Steps ottomans and tables for even more versatility.

Designer
Brian Kane

- Benefits**
