Nemschoff® Valor Family

Ideal for settings that get a lot of use, with a design that really holds up. The Valor Family is great for a variety of spaces, from waiting areas to patient rooms. The durable frame, made from powder-coated steel, keeps these chairs and table long-lasting. And a gap between the seat and back of the chair, make it easy to clean. The contoured arms of the chair give support and easy movement in and out, for increased accessibility. Available to use together or separately, in the following models: side, plus, stacking, easy access, and patient chairs; multiple seating; and a side table.

Benefits

• The shape and position of the contoured arms and comfortable seat and back are great for a variety of patients

• Constructed with a powder-coated steel frame, making it durable for even the highest-use environment

• Includes a full family of chairs and a side table, ideal for waiting areas to patient care rooms

Warranty
12-year, 3-shift
