- Other upholstery options are: a non-quilted full upholstery in a large selection of fabrics and leathers
- Other base options are: aluminum base, solid wood base and bent steel tube base
- Suitable for a wide variety of private and public environments
- Qualified for contract use

AAL 83 SOFT / DUO DESIGN BY HEE WELLING & HAY

The AAL 83 Soft / Soft Duo fuses the minimalist, more angular aesthetics of the molded plywood frame with the softness and warmth of the quilted shell. Retaining the same compact body, shaped armrests, and simple, sculpted design that characterize the rest of the lounge series, this design features a solid base with angled legs that slant slightly outwards for optimal stability. The base is available in different finishes and the quilted shell is offered in a variety of upholstery options, providing a multitude of design combinations that give this series versatility in a wide range of corporate, public, and private contexts.

MATERIALS

SHELL
Soft molded polyurethane foam with armrest. Full upholstery with quilted front

FOAM
25 mm cut foam and 40 mm wadding

BASE
Molded plywood base. Inner plywood in beech, top veneer in oak

GLIDER
Plastic. Standard on all variants. Suitable for all floorings that are not too sensitive

FABRIC & LEATHER UPHOLSTERY
Please see our Fabric Overview for approved standard fabrics.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimize the environmental impact throughout their life cycle. We prioritize carefully selecting materials, such as recycled content, FSC-certified wood, and water-based lacquer, while continuously increasing the number of eco-certified products. We adhere to strict regulatory requirements, and the majority of our products are tested to meet international standards for strength, durability, and safety.
