- Other base options are: aluminum base, molded plywood base and bent steel tube base
- Suitable for a wide variety of private and public environments
- Qualified for contract use

AAL 82 SOFT / SOFT DUO DESIGN BY HEE WELLING & HAY

The AAL 82 Soft / Soft Duo fuses the natural elegance and character of the four-legged wooden base with the softness and warmth of the quilted shell. Retaining the same compact body, shaped armrests, and simple, sculpted design that characterize the rest of the lounge series, this design rests upon four solid, rounded legs. The oak base is available in different finishes and the quilted shell is offered in a variety of upholstery options, providing a multitude of design combinations that give this series versatility in a wide range of corporate, public, and private contexts.

MATERIALS

SHELL
Soft molded polyurethane foam with armrest. Full upholstery with quilted front

FOAM
