

AAC 11

PRODUCT FACT SHEET

AAC 11

DESIGN BY HEE WELLING & HAY, 2010

Featuring a swivel base in steel, the About A Chair AAC 11 conveys a more formal expression than its wooden-legged counterparts from the series. Retaining the same open, curved shell, it balances on delicate and elegant legs that fan out from the centered base, as if the tiptoe silhouette elevates the chair from the floor. The cast aluminum swivel base is available in polished or powder coated finishes, and the polypropylene shell comes in diverse color and upholstery options, allowing a multitude of design combinations that make this series so versatile.

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa.
- Variability of textiles, colors and base finishes.
- Available with plastic shell, with front- and seat upholstery (AAC 10) and full upholstery (AAC 11) in a large selection of fabrics and leathers.
- Other base options are: 4-leg steel base, sled base, wheel base, solid wood legs and molded plywood legs.
- Shell is also available with armrest.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.
