# Every step matters™

Tarkett's holistic approach to sustainability is woven into the fabric of how we do business and sits at the heart of our day-to-day decision making.

For decades, we've been scrutinizing every detail of our business for its impact on resources like soil, water, air, and climate—because when you're trailblazing a more sustainable future, **every step matters**.

These three values help us stay the course when it comes to sustainability.

### Transparency you can trust

We subject our products to relentless scientific scrutiny and third-party testing, then provide customers with radical transparency about our materials, operations, and corporate business practices.

### Circular economy

We're committed to creating a circular economy where nothing goes to waste by designing products with their end of life in mind. This means always interrogating the health, safety, environmental, and social impacts of our materials.

### Healthy impacts

We've made material choices across our entire portfolio that support better indoor air quality and better outcomes for every living thing. Responsible flooring design not only improves aesthetics; it directly impacts the health of the people who occupy interior spaces.

The **proof** is in the numbers.

Holistic  
approach

94%

of our raw materials are third-party assessed for their impact on human and environmental health based on Cradle to Cradle criteria.

69%

of raw materials are abundant, rapidly renewable or recycled.

13

zero-waste-to-landfill manufacturing plants

1.5<sup>million</sup><sub>lb.</sub>

of flooring recycled in 2023 in North America

Certifications  
you can trust

2011

started working with EPEA to integrate Cradle to Cradle principles into every facet of our business

2013

first commercial flooring Certified **Asthma & Allergy Friendly**®

2022

Powerbond® RS is the first soft surface product in the industry to be Certified **Asthma & Allergy Friendly**®

Transparency  
you can trust

100<sub>ppm</sub>

raw materials content revealed down to 100 parts per million

When most manufacturers reveal raw materials content down to just 1,000 ppm, there's simply no contest.

We've been providing Material Health Statements since 2013 to give you peace of mind about the content of our products.

Setting  
the standard

99%

of flooring solutions have low VOC emission levels—10x lower than the most stringent world standards.

100%

ortho-phthalate-free vinyl production; first company to eliminate ortho-phthalates from all products

Global  
excellence

2010

first flooring manufacturer to join the UN Global Compact

2016

Began reporting to the Carbon Disclosure Project (CDP). In 2024, Tarkett scored A-, the CDP management level.

2020

first assessment by EcoVadis. In 2024, Tarkett's score of 81/100 earned us a Platinum medal and placed us in the top 1% of rated companies.

2023

Climate target approved by SBTi (Science Based Targets initiative). Targeting 30% GHG emissions reduction and increase of 30% recycled content across all products by 2030.

At Tarkett, social and environmental responsibility aren't add-ons. They're woven, stamped, and sealed into everything we do. **But more importantly, we don't just say this, we prove it.**

# Transparency documentation

At Tarkett, transparency, social responsibility and environmental stewardship aren't add-ons—they're part of everything we do. By partnering with ecomedes and mindful MATERIALS, we make it easy for you to explore our sustainable flooring product options, their product certifications, green building systems and federal standards support documents. Visit [Tarkett.ecomedes.com](https://www.tarkett.com/ecomedes) to learn more.

# Sustainability attributes

## ETHOS MODULAR WITH OMNICOAT TECHNOLOGY

**Carbon neutrality:**  
Carbon neutral available upon request

**Healthy materials:**  
94% raw materials third-party assessed; non-PVC; PFAS free

**Indoor air quality:**  
CRI Green Label Plus; CDPH 01350 v1.2

**Multi-attribute certifications:**  
Cradle to Cradle Certified® Silver; NSF 140 Gold

**Transparency documents available:**  
Product-specific EPD; Material Health Statement; Declare

**Responsible end of use management:**  
Part of Tarkett's ReStart® take-back and recycling program.

## FLEX-AIRE MODULAR CUSHION

**Carbon neutrality:**  
Carbon neutral available upon request

**Healthy materials:**  
94% raw materials third-party assessed; ortho-phthalate-free; PFAS free

**Indoor air quality:**  
CRI Green Label Plus; CDPH 01350 v1.2

**Multi-attribute certifications:**  
NSF 140 Gold

**Transparency documents available:**  
Product-specific EPD

**Responsible end of use management:**  
Part of Tarkett's ReStart take-back and recycling program.

## POWERBOND HYBRID CARPET

**Carbon neutrality:**  
Carbon neutral available upon request

**Healthy materials:**  
94% raw materials third-party assessed; ortho-phthalate-free; PFAS free

**Indoor air quality:**  
CRI Green Label Plus; CDPH 01350 v1.2; Certified **Asthma and Allergy Friendly**® (Powerbond RS)

**Multi-attribute certifications:**  
NSF 140 Gold

**Transparency documents available:**  
Product-specific EPD

**Responsible end of use management:**  
Part of Tarkett's ReStart take-back and recycling program.

ReStart is Tarkett's third-party certified reclamation program.

To learn more about the ReStart program, scan the QR code or go to [commercial.tarkett.com/Restart](https://commercial.tarkett.com/Restart)

The Asthma & Allergy Friendly® Certification Mark is a Registered Certification Mark of Allergy Standards Ltd.

# Breathe smart

In the United States alone, 27 million people suffer from asthma, a leading chronic disease in children. And about 100 million suffer from allergies—nearly 1 in 3 U.S. adults and 1 in 4 U.S. children. According to the Asthma and Allergy Foundation of America, one of the best ways to manage these conditions is to avoid triggers.

Powerbond RS hybrid carpet is the world's first CERTIFIED **asthma & allergy friendly**® soft surface flooring, helping to create healthier classrooms, corporate offices, senior living communities, and more. Exacerbated asthma and allergies have been linked to exposure to indoor air pollutants and volatile organic compounds (VOCs). Stringent testing on Powerbond RS and its adhesives has demonstrated low-VOC emissions from the moment of installation throughout the life of the flooring. Also in testing, 95 percent of allergens were removed effectively with a simple dry vacuuming.

Construction options

	Backing systems	Lifetime limited warranty	Rollability	Seams	Moisture management	Installation
POWERBOND HYBRID CARPET	Powerbond® hybrid carpet	●	Good	Impermeable	Impact 0 @ 10,000	Peel and stick Direct glue
CARPET TILE	ethos® Modular with Omniccoat Technology®	●	Excellent			TarkettTAPE Direct glue
	Flex-Aire Modular® Cushion	●	Good			TarkettTAPE Peel and stick Direct glue

Rollability is the ability to move (or roll) pieces of furniture such as chairs or beds on flooring. Moisture penetration by impact at seams @10psi. No penetration after 10,000 impacts. Impermeable seams.

Product	Recycled content		NSF 140 SCS Rating	CERTIFIED asthma & allergy friendly®	Cradle to Cradle Certified® v3.1	Declare	Green Label Plus Certified
	Overall	Post-consumer					
ethos Modular with Omniccoat Technology	56–79%	30–43%	Gold		Silver	●	GLP8320
Flex-Aire Modular Cushion	25–46%	22–33%	Gold				GLP6558
Powerbond hybrid carpet	13-28%	8–10%	Gold	Powerbond RS			GLP9744

Adhesives and seam weld

A brief comparison of adhesive products recommended for use with different Tarkett backing systems, in multiple installation scenarios

New Power-Weld Seam Sealer meets all Air Quality Management Districts in the U.S., including California. Power-Weld is similar to #54 Seam Weld in strength over time.

	Backing	Floating	Adhesive for dry back	RS—peel and stick	Seam weld
CARPET TILE	ethos Modular with Omniccoat Technology	TarkettTAPE	C-EX C-GU	N/A	N/A
	Flex-Aire Modular Cushion	TarkettTAPE	C-12E	RS	N/A
POWERBOND HYBRID CARPET	Powerbond hybrid carpet		C-16E	RS	Power-Weld / C-XL / Seam Weld #54
