# Contour

**Product Data Sheet**

Created in partnership with renowned New York City-based industrial designer and accessible design expert Ignacio Ciocchini, the Contour line of tables is an embodiment of true inclusivity in the design of outdoor space. A system of modular, mutually compatible tabletops, legs and pedestal bases, it creates a range of solutions most of which comply with existing Americans with Disabilities Act (ADA) Standards for Accessible Design without sacrificing on beauty, durability or functionality.

## Contour ADA Tables

- A system of modular, mutually compatible tabletops, legs and pedestal bases, it creates a range of solutions most of which comply with existing Americans with Disabilities Act (ADA) Standards.
- The Contour system includes round, gently rounded square and gently rounded rectangular tabletops, each constructed from powdercoated steel and each offered in two different sizes.
- The tables are then completed with a choice of four powdercoated aluminum legs or a surface-mounted pedestal post constructed from either Meldstone concrete or cast aluminum.
- The tables are available in dining height only.
- Traditional base supports with four aluminum legs are available freestanding or surface mounted.
- Single post and dual post supports are only available surface mounted.
- Adjustable glides are only available on the traditional base.
- Each table has an optional umbrella hole. Note: all tables specified with umbrella hole must be surface mounted (table mounted) or have a surface mounted umbrella stand.
- Specifying an umbrella may interfere with ADA compliance. See chart on page 2.
- Depending on the type of table specified, Contour tables ship fully assembled and partially assembled.

| | Style | Depth | Length | Height | Weight | ADA? |
|---|---|---|---|---|---|---|
| | 49.25" Round, Single Post, Aluminum | 49.25" | 49.25 | 30.75" | 173 lbs | Yes |

# Contour

**Product Data Sheet**

## Contour Tables for Booth

- Booth was designed to specifically work with two Contour tables, the 40" x 63" pedestals and the 40" x 63" dual posts.
- Booth can also work with the Contour 49" x 73" to offer an ADA accessible side with a booth pairing.
- The 40" x 63" pedestal is available freestanding.
- The 40" x 63" and 49" x 73" dual post tables are only available surface mounted, with either a meldstone or aluminum base cover.
- The tables are available in dining height only.
- Each table has an optional umbrella hole. Note: all tables specified with umbrella hole must be surface mounted, with the exception of the pedestal base that will require a surface mount umbrella stand.
- Depending on the type of table specified, Contour tables ship fully assembled and partially assembled.

## Finishes

- Metal: All metal is finished with Landscape Forms' proprietary Pangard II® polyester powdercoat, a hard yet flexible finish that resists rusting, chipping, peeling and fading.
- A wide range of standard, optional and custom colors are available.

## To Specify

- Specify Contour and choose tabletop style, optional umbrella hole, and base. Select powdercoat color and if applicable, MeldStone color. Depending on the type of table specified, Contour tables ship fully assembled and partially assembled.
