

## CertainTeed *Technical Services Memo*

<b>Subject:</b>	Maintenance Instructions for <b>CertainTeed Versatone</b> acoustic ceiling panels		
<b>Date:</b>	January 10, 2024	<b>Tel:</b>	800-233-8990

---

---

### Handling

Clean cotton gloves should be worn at all times, both during the initial ceiling assembly and any subsequent activity that may require a panel to be removed. When panels are removed they should be taken completely out of the grid and stored on a flat surface. Panels should be laid face to face to limit unnecessary soiling and damage during their temporary displacement.

### Cleaning

Panels can be cleaned of dust and loose dirt particles by vacuuming with a soft brush attachment.
