Meet Abl

Abl is a mid-back lounge chair with an ash base that provides a soft yet sculptural sensibility to the workplace lounge. Swaddled in draped arms and a protective curved back, this beautiful lounge chair enables moments of reflection and focused flow. Abl's seat shape mimics the curve naturally created by gravity, giving the seat structure the appearance of floating.

FEATURES

Abl's seat shape was inspired by the idea of a cloth or carpet draped over two ash-wood supports. The shape mimics how the textile would hang down and the gentle curve that would naturally be created by gravity. This is intended to give the chair's seat structure the appearance of floating, like a magic carpet.

FEATURES

Abl’s recessed back highlights the shape of the seat and the chair’s overall construction. Abl can be designed with single or combo cover upholstery, allowing designers to play with textures, patterns and textiles.

The lounge chair can be accompanied by an optional ash-based ottoman, which also features this beautiful draping effect.

DESIGNING FOR THE ENVIRONMENT

CERTIFIED

Abl is certified carbon neutral. We took every possible step to reduce carbon emissions, from sustainably sourcing materials and responsible manufacturing to a carefully planned end-of-life and recyclability plan, all verified by third parties. To eliminate any remaining carbon created during the manufacturing process of this product, we invest in third-party-verified, carbon-offset projects.

From its inception, Abl was designed with the well-being of the environment in mind. In addition to being a third-party-certified, carbon-neutral product, Abl is constructed with FSC®-certified wood, contributing to sustainable forestry practices and ensuring a positive environmental impact.

The Abl chair and ottoman are shipped from facilities that contribute zero waste to landfill and which offset 100% of electricity use with renewable energy credits. Abl carries BIFMA LEVEL® 3 and SCS Global Services certifications for indoor air quality at the Indoor Advantage™ Gold level.
