COLLECTION

KEILHAUER

LIMITLESS POSSIBILITIES.

There is no right or wrong way to bring people together. That's why the Epix collection empowers all the endlessly creative ways people connect in the modern workspace through the lenses of innovation, scalability and sustainability.

The Epix collection – tables, seating, and storage – inspires the imagination with the potential of limitless possibilities, enabling you to create customized workspace that bring your vision to life.

SUSTAINABLE PRODUCTION

EPIX IS 100% RECYCLABLE

Every piece is crafted solely from the highest quality pure materials – ensuring that every part of the Epix collection is fully recyclable – incorporating sustainability from day one and integrated throughout every stage of our process, from zero-waste landfill manufacturing to offsetting 100% of electricity used with renewable energy credits.

FORM THAT FITS ANY FUNCTION

Seating options help create spaces that elegantly and sustainably complement your needs, from meetings and conferences to more casual gatherings, without compromising your design vision.

With a variety of bases and heights (conference or bar height) available, as well as armless or armrest options – supported by a thoughtful selection of colors and finishes to choose from – there are endless ways to truly make your workspace your own.

UP TO THE TASK

Configurations that are as limitless as your imagination – or your office space. Tables can easily be linked and rearranged to create extra-long surfaces suitable for larger gatherings.

Square-shaped and equipped with wheels for effortless repositioning, they make any meeting space mobile and more efficient. And because they're crafted from healthy materials, they can easily be recycled to lessen environmental impact.

STORE, DIVIDE AND DAMPEN SOUND

The Epix Shelf helps you define and divide your workspace, providing storage without sacrificing sustainability. Optional felt dividers – crafted from healthy materials for easy recycling – minimize interruptions and dampen noise while offering greater privacy. Keeping you organized while also creating different ways to delineate your space, this shelf – available in multiple heights and lengths – helps every workspace level up.

FORM US WITH LOVE

The Epix collection is a collaboration between Keilhauer and Swedish design studio Form Us With Love (FUWL) – who share our passion for both sustainability and modern design, striving to innovate with everything they create. Their process blends traditional practices with a lean strategic approach that results in elevated design accessible to all.
