Epix Cart Assembly Instructions

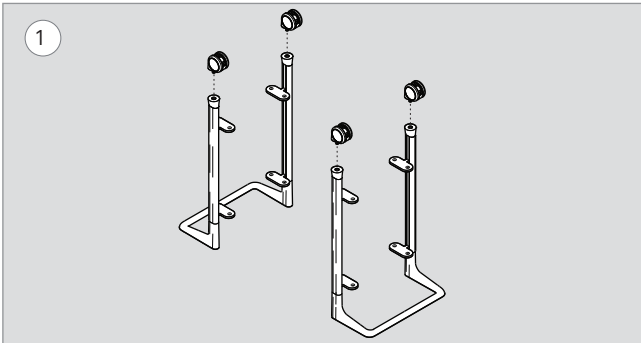

Tool Required

Phillips head screw
driver

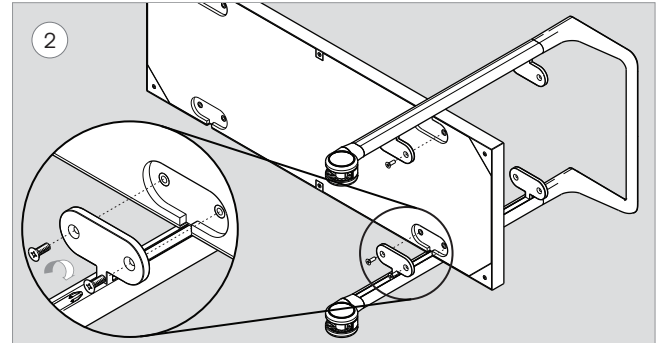

Hardware Included

1/4-20 x 3/4"
Flat head cap screw
(x16)

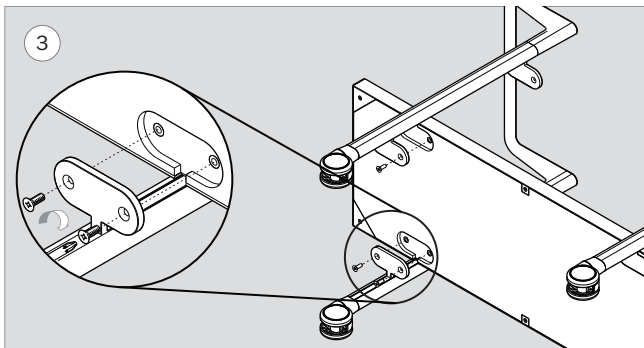

Caster
(x4)

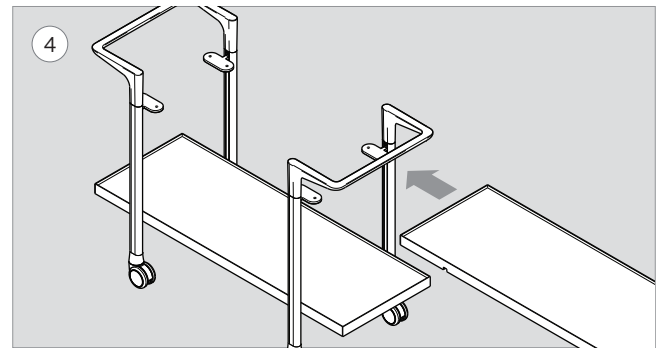

Place the handle sub assembly (x2) upside down on a blanket. Press the caster (x4) into each leg bottom.

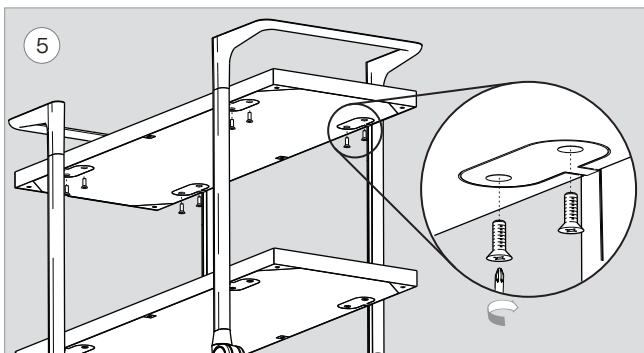

Using the Phillips head screw driver, fasten one handle sub assembly to a shelf with 1/4-20 x 3/4" flat head cap screw (x4) at the bottom mount locations.

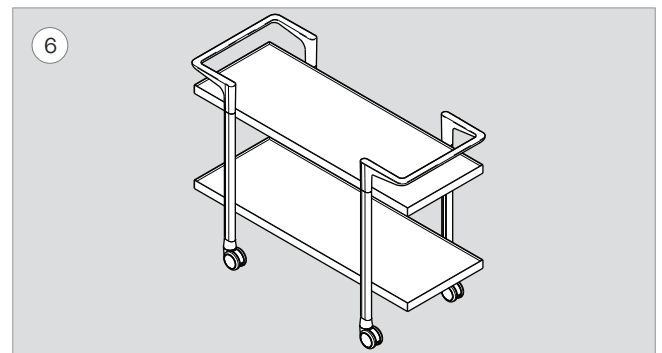

Lift the shelf on the opposite side. Slide the second handle sub assembly into position. Using the Phillips head screw driver, fasten with 1/4-20 x 3/4" flat head cap screw (x4).

Turn the cart into the upright position. Slide the second shelf through the uprights in to the top position.

Using the Phillips head screw driver, fasten the second shelf with 1/4-20 x 3/4" flat head cap screw (x8).

Place assembled cart in its final position.
