Hout

Hout

Hout brings an elegant warmth to the modern workplace. The family's dynamic triangular base leads the eye to uniquely shaped armrests, which echo the curvature of the seat. A soft seat paired with strong lines strike the ideal balance between simplicity and comfort. The FSC®-certified-wood frame is durable and sustainable and creates an inviting softness in any office space.

Hout ash lounge chair, finished in Midnight, upholstered in Coast Deep Sea

HOUT

ILHAUER.COM

FEATURES

The lounge chair's relatively upright back lends itself to casual meetings. Additional cushions give even more comfort and visual appeal.

Hout ash lounge chair, finished in Snow, upholstered in Flannella Ice

FEATURES

HOUT

The Hout lounge and side chairs feature a fully upholstered seat body. The seat is constructed of plywood with over-molded foam, giving it an all-around soft finish.

Hout ash lounge chair, finished in Dark Gray, upholstered in Valda Myrtle

90000

Hout ash side chair, finished in Fog, upholstered in Kenora Winter Dusk

HOUT

The side chair features a slightly firmer seat than the lounge and is narrower in width. This makes it an ideal choice for individual seating scenarios, such as at a desk or in a conference room.

Kenora Winter Dusk

KEILHAUER.COM

FEATURES

Hout's design is inspired by classic A-frame structures seen in architecture. It features a simple but solid, wooden, triangular base supporting a softly curved seat and back.

90000

Hout ash side chair, finished in Midnight, upholstered in Coast Seagrass

90000

Hout ash side chair, finished in Natural Ash, upholstered in Kenora Garnet

FEATURES

A single formed plywood piece in a crescent shape makes up each armrest. Hout's legs naturally point toward the arm caps, creating a strong focal point for visual interest.

DESIGNING FOR THE ENVIRONMENT

CERTIFIED

HOUT

The Hout family is certified carbon neutral. We took every possible step to reduce carbon emissions, from sustainably sourcing materials and responsible manufacturing to a robust end-of-life and recyclability plan, all verified by third parties. To eliminate any remaining carbon created during the manufacturing of this product, we invest in third-party-verified, carbon-offset projects.

Every component of the Hout collection was designed with the well-being of our planet in mind. The lounge chair body cushions are made of a bio-based foam that’s been constructed from post-consumer recycled materials. In addition to being a third-party-certified, carbon-neutral product, Hout is constructed with FSC®-certified wood, which supports sustainable forestry and ensures a positive environmental impact.

Both the Hout lounge chair and side chair are shipped from facilities that contribute zero waste to landfills and offset 100% of electricity use with renewable energy credits. Hout carries BIFMA LEVEL® 3 and SCS Global Services certifications for indoor air quality at the Indoor Advantage™ Gold level.
