

SWISH

KEILHAUER

Meet Swish

Modern yet familiar, Swish breaks the mold of stereotypical office silos by encouraging deep connection and sparking vibrant social interactions among colleagues. This plush, versatile lounge chair is designed to inspire collaboration and conversation.

Swish lounge chair with
swivel base in Aria Boulder
and Allegra Natura

FEATURES

The slender backrest of Swish works together in perfect harmony with the chair's ultra-plush seat cushion, exhibiting the same collaborative energy it seeks to bring out in the workplace. The backrest and seat cushion come together with a subtle squeezing effect where they meet, creating an interesting tension and visual within the design.

DESIGNING FOR THE ENVIRONMENT

CERTIFIED

Swish is certified carbon neutral. We took every possible step to reduce carbon emissions, from sustainably sourcing materials and responsible manufacturing to a carefully planned end-of-life and recyclability plan, all verified by third parties. To eliminate any remaining carbon created during the manufacturing process of this product, we invest in third-party-verified, carbon-offset projects.

From its inception, Swish was designed with the well-being of the environment in mind. In addition to being a third-party-certified, carbon-neutral product, Swish is constructed with FSC®-certified wood components, contributing to sustainable forestry practices and ensuring a positive environmental impact.

Swish chairs are shipped from facilities that contribute zero waste to landfill and which offset 100% of electricity use with renewable energy credits. Swish carries BIFMA LEVEL® 3 and SCS Global Services certifications for indoor air quality at the Indoor Advantage™ Gold level.
