PACT FLEX

KEILHAUER.COM

FEATURES

Go as wide or as narrow as a space requires—Pact Flex is customizable by the inch, from 25" to 60". Each length comes with a right end option, a left end option, a standard end and a corner piece.

FEATURES

The collection features a clean, minimalist design without compromising on comfort.

1050300

Pact Flex corner, upholstered in Kenora Cottontail, legs finished in Onyx

FEATURES

Pact Flex is available in two models. The Seat and Back Cushion Only model is intended to be built into an existing structure using the customer’s own base, with an option to add slim, minimalist legs. Pact Flex To The Floor sits atop a solid oak frame with a 1 ¾" kickplate to complete the look.

1051060
Pact Flex 60" bench with right end, upholstered in Kenora Cottontail, legs finished in Onyx

1051060
Pact Flex To The Floor 60" standard bench, upholstered in Nova Galaxy Blue

1051300
Pact Flex To The Floor corner, upholstered in Nova Galaxy Blue

1051132
Pact Flex To The Floor 32" bench with right end, upholstered in Nova Galaxy Blue

FEATURES

Optional slim legs give Pact Flex a lighter look and ultra-modern feel.

FEATURES

You have the ability to group multiple models to create a straight bench, an L-shaped configuration (one corner between two straight pieces) and a U-shaped configuration (two corners and three straight pieces) that all extend beyond 60" if desired.

This design flexibility makes it ideal for hallways, lunchrooms and breakout spaces.

DESIGNING FOR THE ENVIRONMENT

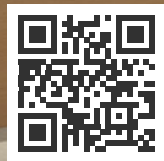

CERTIFIED

The Pact Flex family is certified carbon neutral. We took every possible step to reduce carbon emissions, from sustainably sourcing materials and responsible manufacturing to a carefully robust end-of-life and recyclability plan, all verified by third parties. To eliminate any remaining carbon created during the manufacturing of this product, we invest in third-party-verified, carbon-offset projects.

Every component of Pact Flex was designed with the well-being of our planet in mind. In addition to being a third-party-certified, carbon-neutral product, Pact Flex is constructed with FSC®-certified-wood components. FSC®-certified wood supports sustainable forestry and ensures a positive environmental impact.

Pact Flex is shipped from facilities that contribute zero waste to landfills and offset 100% of electricity use with renewable energy credits. Pact Flex carries BIFMA LEVEL® 3 and SCS Global Services certifications for indoor air quality at the Indoor Advantage™ Gold level.
