Upholstery Selection

When selecting the upholstery materials, consider the affect the upholstery structure has on the appearance of the comfort wrinkles.

High wool content upholstery, soft pliable vinyl, non-backed upholstery materials may limit the appearance of comfort wrinkles.

Highly structured, thick vinyl, backed non-stretch upholstery materials and leather can increase the appearance of comfort wrinkles.

Note: Large scale and geometric patterns applied over Indie soft contours with false welt details will impact the pattern visual.

Upholstery Detail - False Welt

False Welt - Double fold upholstery seam detail is present on Indie Lounge, Low Lounge and Pouf units.

An integral part of the upholstery application, the false welt creates a defined line while maintaining flexibility for ultimate casual comfort.
