Forge Product Information

NOTE: Forge storage must be anchored to a wall (hardware not included); not intended for freestanding use. [Reference Installation Instructions for more details.](#)

WorkSurfaces

Forge offers worksurfaces in both HPL Laminate and Solid Surfaces. Laminate worksurfaces have a 3-ply balanced construction. Tops are 1 3/16" thick with coordinating PVC edges. Worksurfaces feature 3mm eased (PVC) edge on the front; sides and back have coordinating 1mm PVC edge band.

Forge worksurfaces are available in all JSI standard HPL's, consisting of 19 wood grain patterns and 7 solid colors. Each has a coordinating PVC edge color that is automatically used with the standard laminates. The wood grain laminate features an embossed grain to hide finger prints and light scratches. The solid laminate is smooth to the touch with a semi-matte finish.

The chart below lists the laminates available on the Forge product.

TFL - HPL Wood Grain Pattern Laminates

BEL Belair	MIN Mineral
BRK Brickdust	MCH Mocha
CSK Cask	OBK Outback
CLY Clay	PIL Pilsner
EGR Egret	PIN Pinnacle Walnut
FAW Fawn	UMB Umber
FLN Flint	VAL Valley
FLO Florence Walnut	WLH Walnut Heights
LOF Loft	WEA Weathered Ash
MES Mesa	

TFL - HPL Solid Laminates

ALB Alabaster	SHD Shadow
BLK Black	SLG Slate Grey
BBL Bridal Blanco	ZEN Zen Grey
DWH Designer White	

In addition, an extensive list of HPL laminates from Wilsonart and Formica are available at the Tier 2 price, [see pages 107-108](#). Selecting from the Tier 2 laminates will require a PVC banding to be specified from the standard list.

Solid surface worksurfaces are 1" thick and have a moisture-resistant core. Front edge features a 3mm radius eased edge, sides and back have finished flat edge. Worksurfaces are available in 4 standard JSI colors.

DWH Designer White	ONX Black Onyx Mirage
HST Hot Stone	SOG Soothing Grey

Additional Wilsonart and Corian finishes are available in 4 pricing tiers, [see pages 109-110](#).

Cabinet Construction

Forge Laminate features TFL (thermally fused laminate) chassis with standard banding. Worksurfaces are available in a HPL (high pressure laminate) with standard banding.

Thermally fused laminate (TFL) with all edges fully banded. Interior material matches exterior. 3/4" thick side panels. Adjustable glides on base cabinets, storage cabinets and lockers; they provide 1" adjustment. Must use toe kick or cove molding to finish off base cabinets.

Grain direction runs vertically on all door/drawer fronts. Door and drawer fronts are banded with a 2mm banding.

Drawers

The unidirectional V- Fold drawer box is a durable miter-fold drawer structure which is glued and doweled. The 1/2" thick drawer sides are wrapped in a high grade white vinyl, with an attached front. The drawer front is attached to the four sided box.

Drawer Suspension

High quality soft close, silver drawer suspension carries a lifetime warranty. Drawers have 100% full extension with over travel. Slides feature steel ball bearings for longer wear and positive, cushioned in/out stops.

Drawer Liner

Seamless, one-piece, white drawer liner available for 18" and 24" wide drawers.

Hinges

Concealed Euro soft close hinges with 110° opening and four adjustment points.

Locking

Cabinets offer locking to provide maximum security and flexibility in configuration. Up-charge applies. Locks are available as a standard keyed lock or a digital keyless lock.

When standard locks are ordered, units are shipped randomly keyed. Key alike units are available upon request for no additional charges. Removable cores for in-field re-keying are standard. Lock face color is available in Arctic Silver or Matte Black.

Digital Keyless Locks come pre-programmed for shared use, but can be field programmed for dedicated use. To lock, enter a 4 to 8 digit code and press the lock button. To unlock reenter the previous 4 to 8 digit code and press the unlock button. User guide ships with cabinet. Keyless lock will be oriented vertically on drawer units and horizontally on doors. Lock face is available in a black finish.

Standard Lock

Keyless Lock (drawer)

Keyless Lock (door)

Wall Panels

3/4" thick with standard TFL 1/2" banding.

Bar, Sweep and Delve are ADA compliant.

Pull Alignment

Bar, Sweep and Delve pulls are mounted on the front of drawer/door. Prospect pull overlays the top of the drawer and door front. Bar and Sweep pulls are standard in one length for every application. Delve and Prospect pulls offer an enhanced aesthetic on 30" - 36" wide drawer cabinets with an elongated version. In these cases, the longer pull is used in appropriate applications - user need not specify.

Boring Dimensions

24" wide or smaller

Sweep, Delve and Bar - 128mm

Prospect - 216mm

30" & 36" wide

Delve - 320mm

Prospect - 419mm

Integral Sink

Sink is always Designer White independent of selection of worksurface. Sink location is available in 1" increments from left side of worksurface to centerline of sink with minimum of 12" to centerline from either edge of surface. Sink should always be centered over sink cabinet. Drain hole is nominally 1 3/4" diameter and accepts standard drain hardware (not included).
