California born and bred

We're a leading manufacturer of commercial solutions in the U.S. — and #1 in task chairs. From tables and lounge to screens and more, we've been the go-to destination for comprehensive, build-to-order solutions for over 25 years. We combine award-winning design with the fastest lead times around, and our design and planning services can turn product innovation into your space inspiration.

We're able to build almost any specification you want, deliver it when you need it, and offer a level of value no one can match. It's all part of our indie California spirit and drive to be the one place you go for all of your spaces.

Ahead of the curve

When so many multipurpose solutions fall short on comfort, Axys stands apart with refined sculpted contouring and a perfectly padded seat. An array of base options and textile choices give you an adaptable canvas for space coordination.
