

PILOT™

Big and Tall Task Chair

Pilot task chair provides generously sized seating that is durable and comfortable. Pilot has a weight rating of 400 pounds and is warranted for 24/7 use for 15 years. Heavy-duty casters, ultra-durable engineered plastic base, a heavy-duty pneumatic cylinder and a 10-ply seat board ensure that Pilot is up to the task. Pilot is larger and stronger, with a transitional style that complements other task chairs in a wide variety of environments.

T-Arm
W31½" D27" H43-52"
Seat: W24" D17-19½" H18-25"

PILOT TASK CHAIR FEATURES

- A. Back Comfort**
Contoured back is designed for lumbar support. Ratcheting back height adjusts in a 4" range for a proper fit.
- B. Standard Ergonomic Comfort Adjustments**
Back angle adjusts and tilt lock allows the seat and back to be in a fixed position or rock with a set seat-to-back angle. Adjustable tilt tension adjusts rocking action.
- C. Seat Comfort**
Seat is a generous 24" width, ideal for occupations that require the use of holsters, walkie talkies or tool belts. Seat cushion is 3¾" thick molded foam with a waterfall front edge for long-term comfort.
- D. Material Options**
Available with upholstered seat and back.
- E. Seat Height Adjustability**
Reliable, heavy-duty pneumatic cylinder adjusts seat height from 18–23" to accommodate users of all sizes.
- F. Seat Depth Adjustability**
Easy-to-reach lever adjusts seat depth from 17–19½" to prevent pressure points and optimize user comfort.
- G. Optional Arms**
Available with loop arms, t-arms, or armless. Looped arm is fixed height and fixed width with a soft, radiused aesthetic. T-arm adjusts 2¾" in height and 2½" in width.
- H. Base**
Extra wide, five-star, 27" diameter black base is constructed of heavy-duty composite.
- I. Casters**
55mm high-impact hard or soft surface casters in black.
