

## Work Description

Attach Head Rest to Altus Mesh Back Chair

1

Locate parts and tools: Head rest, head rest attachment bracket, 2 screws, Phillips head screw driver, and safety knife.

2

Use the blade of the safety knife to carefully remove the cover on the back of the chair.

3

4

Slide the bracket into the top of the back.

5

Push bracket into the back.

6

Line up the attachment bracket with the holes on the back of the chair. Tighten both of the screws in the bracket into the chair.

7

Replace the cover onto the back.

8

Slide the head rest into the bracket.

9
