# Environmental Data Sheet

## Oath® Task Chair

Rev: 04112025

**Product Category:** Task Seating

**Standards:**

- LEED
- WELL Building Standard™

### Certifications:

Certificate can be found in  
Sustainability Conformance Chart

- SCS Indoor Advantage™ Gold
- CARB Phase II/TSCA Title VI Compliant
- BIFMA level® certified (Scorecard available by request)
  - BIFMA 7.4.4 Credit: Material Health Impacts
- FSC® Certified (Available by special request)
  - Trademark License Code: FSC-C011706

### Sustainable Programs Overview

Please refer to the KI contacts for actual project-based LEED write-ups, certifications, and submittal documents.

### Recycled Content Summary (averaged): \* Product recyclability is dependent on local programs.

| Material*                      | Average % Weight | Recycled Content % | Post-Consumer |          | Pre-Consumer |          | Can be recycled?* |
|--------------------------------|------------------|--------------------|---------------|----------|--------------|----------|-------------------|
|                                |                  |                    | %             | % Weight | %            | % Weight |                   |
| Steel                          | 10.6%            | 91.0%              | 91.0%         | 9.7%     | -            | -        | Y                 |
| Aluminum                       | 12.8%            | 100%               | -             | -        | 100%         | 12.8%    | Y                 |
| Polypropylene                  | 23.1%            | 100%               | 100%          | 23.1%    | -            | -        | -                 |
| Plywood                        | 10.5%            |                    | -             |          |              |          |                   |
| Nylon                          | 17.2%            | 65.0%              | 32.5%         | 11.2%    | 32.5%        | 5.6%     | -                 |
| Other Materials                | 25.8%            | 0%                 | -             | -        | -            | -        | Y                 |
| Sub Total                      | 100%             |                    | 44%           |          | 18.4%        |          |                   |
| Total Overall Recycled Content |                  |                    | 62.4%         |          |              |          |                   |

### Packaging Material

| Packaging options help to support LEED NC & CI – MR 2.1 and MR 2.2 <i>Construction Waste Management</i> or LEED EB - MR | Recycled Content % | Post-Consumer % | Pre-Consumer % | Can be recycled?* |
|---|--------------------|-----------------|----------------|-------------------|
| Corrugated Packaging<br>- From SCS Sources  | 60%                | 59%             | 1%             | Y                 |

Disclaimer: Numbers may vary based on model and options selected. Calculations of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. KI makes conservative assumptions when compiling information to provide the most accurate recycled content calculations possible. This document will be reviewed and updated periodically and is subject to change without notice.

### LEED v4.1 Credit Applicability

- SCS Indoor Advantage™ Gold – Low-Emitting
- FSC Chain of Custody verification
- Regional Priority
  - Manufactured: Green Bay, 54302
  - As a just in time manufacturer, material selection, and project locations will vary.

### WELL v2 Credit Applicability

- SCS Indoor Advantage™ Gold – X06 VOC Restrictions

### Other Environmental Attributes

- BIFMA 7.4.4 Material Health Impacts
  - Greenhealth Approved
  - Healthier Hospital initiative (HHI)

- SmartWay® Certified Trucking
  - Our fleet utilizes SmartWay® certified trucks.
  - We also utilize SmartWay® trucking companies.
- CARB Phase II and TSCA Title VI Compliant

### End-of-Life Recycling & Reuse

KI selects materials that can be recycled at the end of a product's use and designs its products so that it can be easily disassembled and separated for local recycling facilities. *Disassembly Instructions* can be found online or by request.
