

PRODUCT SPECIFICATIONS

Medical & Laboratory Stools

May 2021

Upholstered Seat

The seat has a unibody-molded 2.5" HR foam on plywood

Pneumatic Ring

KICLI 2 and KICLI 3 stools offer height adjustment with a pneumatic 360-degree hand-activated ring. KICLI 4 and KICLI 5 stools offer height adjustment with a pneumatic 360-degree, foot-activated ring.

Pneumatic Cylinder

Cylinders have a 5" range, except the KICLI 3 stool, which has a 10" range.

Base

KICLI 2, KICLI 3, and KICLI 4 have a 20" base. KICLI 5 has a 24" base. All bases are die-cast aluminum with a chrome finish.

Casters

All stools have soft safety casters, which minimizes movement when stool is not in use.
