

# Tattoo® Collection

the art of workplace design

Furnishing Knowledge®

Scan to view video

Inspired by the fluidity of today's workplace and the individuality of employees, we took a fundamentally different approach to the design of systems furniture. The result was Tattoo.

# Behind every *tattoo* is a story. Here's ours.

Tattoo® is more than a collection of products. It's a design philosophy that celebrates freedom and independence, individuality and expression. Tattoo invites you to rethink and rearrange your space – independently and on the fly. It paints a picture that's both defining and uniting. Inspiring results that are more than skin deep.

# rethink and rearrange

## RESPONDING TO WORKPLACE NEEDS

Tattoo responds to business shifts without the need to draw new floor plans, order new parts or schedule installers. It also improves productivity and retention by empowering people to work how they want each day.

Unique raised and flat foot combination allows flex screens to nest parallel, perpendicular or offset.

## EMBRACING EMPLOYEE WORKSTYLES

Tattoo empowers employees to initiate workspace change on demand to keep pace with evolving roles and responsibilities. Employees can also express their individuality by arranging and rearranging Tattoo elements to fit their preferred work style.

The chest accommodates both filing and personal storage. The cushioned top allows the chest to do double duty as a bench.

## THOUGHTFULLY DESIGNED AND EASILY INSTALLED

Tattoo is designed with a logic that makes it elegantly simple. Each element is proportionately scaled to work together in multiple configurations. Coordinating dimensions and complementary design details ensure all elements fit spatially and aesthetically within the same footprint no matter how you rearrange them. It's something that can only be accomplished with Tattoo.

Tattoo's thoughtful design is also reflected in its installation. Unlike build-intensive systems lines, most Tattoo elements require minimal or no assembly. This translates into cost and time savings – both initially and with every rearrangement.

# smart and simple

## bring it together

The Tattoo Collection includes dynamic elements that work together seamlessly or can be used independently.

**Spine Screen with Optional Power** – serves as the foundation for floor plan layouts and routes power where needed

**Flex Screen** – helps with space division; arrange parallel, perpendicular or offset with other screens to delineate space

**Slim Seating** – offers appropriately scaled soft seating within a workspace or can be used in a modular setting

**Table** – provides surfaces proportioned to the slim seating; the base design maximizes leg room, eases ingress/egress and ensures stability

**Storage** – offers solutions that better address what people are stowing today - less filing and more personal items

**Accessories** – work with all magnetic surfaces (screens and storage) and include paper management as well as tackable and markerboard surfaces

## Statement of Line

### SCREENS

#### Flex

42" to 96"W, 42" to 60"H  
Non-powered, elevated base.  
Available in a variety of  
surface materials.

### SCREENS

#### Spine

48" to 96"W, 48" or 54"H  
Standard powered or non-  
powered. Available in a variety  
of surface materials.

### TABLES

#### Square

30"W x 30"D; 18" or 29"H

#### Rectangular

44"W x 30"D; 18" or 29"H

### SLIM SEATING\*

#### Corner

22"W x 22"D x 29"H  
Optional power.  
Optional contrasting  
fabric/surface materials.

### SLIM SEATING\*

#### Seat

44"W x 22"D x 29"H  
Optional power.  
Optional contrasting  
fabric/surface materials.

### SLIM SEATING\*

#### Seat with

#### Integrated Table

44"W x 22"D x 29"H  
Integrated laminated table  
(left or right side).  
Optional power.  
Optional contrasting  
fabric/surface materials.

### SLIM SEATING\*

#### Ottoman

22"W x 22"D x 18"H  
Optional contrasting  
fabric/surface materials.

### SLIM SEATING\*

#### Occasional Table

22"W x 22"D x 18"H  
Optional power.  
Laminated surface.

### STORAGE

#### Pedestal

12"W x 18"D x 19"H  
Optional seat pad.  
Casters standard.

\*All seating available on casters or glides. Upholstery available with moisture barrier or FR options.

†Storage pieces available on casters or glides (pedestals on casters only).

**STORAGE<sup>+</sup>**  
**Chest**  
 36"W x 18"D x 18.25"H  
 Seat pad standard.

**STORAGE<sup>+</sup>**  
**Low Cupboard**  
 36"W x 18"D x 23"H  
 Optional seat pad.

**TOGGLE® HEIGHT-ADJUSTABLE TABLE**  
 Available with T-leg or C-leg  
 in a variety of surface sizes.  
 Electronic or fixed models.

**STORAGE<sup>+</sup>**  
**Low Cupboard  
 with Raised Worktop**  
 36"W x 18"D x 27"H  
 Laminated surface.

**STORAGE<sup>+</sup>**  
**Low Cupboard  
 with Raised Worktop  
 and Universal Height-Adjustable Screen**  
 36"W x 21"D; 27" to 44.5"H  
 Laminated surface.  
 Polyester felt screen.

**WORKUP® HEIGHT-ADJUSTABLE TABLE**  
 Available in electronic,  
 counterbalance, crank, and  
 fixed models.

**STORAGE<sup>+</sup>**  
**Vanity**  
 24"W x 22"D x 29"H  
 (48"H with lid open)  
 Optional steel or laminate top.

**STORAGE<sup>+</sup>**  
**Tower**  
 24"W x 22"D x 46"H  
 Standard coat hook and  
 boot tray.

**UNIVERSAL HEIGHT-ADJUSTABLE SCREEN**  
 Shown on WorkUp Height-Adjustable Table.  
 Available in a variety of sizes.
