

Passel Height-Adjustable Tables

With its quiet adjustability, Passel height-adjustable tables offer an effortless sit-to-stand transition and create a distraction-free environment for creative thinking, problem-solving, and collaboration.

Key Features

- A

Leg Styles
Available in T-leg or C-leg styles.
- B

Adjustable-Height Range
Electric adjustment controls allow users to raise or lower the worksurface from 22–48" with the push of a button.
- C

Standard or Deluxe Controls
Standard electric switch features two buttons: one raises, one lowers the surface height. Deluxe electric switch features programmable height options.
- D

Privacy Screens
Optional privacy screens, designed exclusively for Passel, provide visual and acoustic benefits.
