C-Table Personal Worksurfaces

The cantilever shape of the C-Table allows it to fit seamlessly with complementary lounge pieces. Use it as a personal worksurface or a place to host a quick meet up.

Key Features

A **Compact Lounge Productivity**
The 18" round C-Table top is perfect for a laptop, notebook, or other small personal items.

B **Convenient Fixed Height Base**
27" height of C-Table allows it to be stored under standard 29" working-height tables.

C **Slim Contoured Base**
The "C" shaped base slides under most lounge furniture pieces, contouring around lounge legs, allowing for the table to be pulled close to user.

D **Versatile Worksurfaces**
Available in a variety of shapes and sizes, C-Table Max worksurfaces support larger personal belongings for both focus work or collaboration in lounge environments.

E **Fixed or Height-Adjustable Base Options**
C-Table Max is available in 26" fixed height, 29" fixed height, and 25–30" adjustable height to accommodate complementary furniture, including arm chairs.

F **Adjustment Lever for Ergonomic Comfort**
C-Table Max height-adjustable base is easily activated with a lever located under the tabletop, which engages pins that lock into holes within the base at the user selected height.
