

INSTRUCT®

Desks

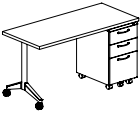

Instruct desks provide exceptional durability and flexibility for today's evolving learning environments. Multipurpose desks and lecterns accommodate a wide range of classroom instruction and activities. Durable steel storage is aesthetically pleasing, supports modern technology, and frees up workspaces and floor space while keeping needed materials within reach.

INSTRUCT DESK FEATURES

- A. Mobility**
3" smooth-rolling locking casters offer exceptional mobility. All Terrain models can be specified with stationary glides.
- B. Durable Edges**
74P bonded poly edge banding provides impact, moisture, and tamper resistance (available in numerous standard colors).
- C. Convenient Storage**
Durable steel construction outperforms laminate alternatives and provides ample storage that keeps learning materials and technology within reach.
- D. Functional Surfaces**
Worksurfaces and landing pads support both digital and traditional learning materials and devices, and are available in a variety of laminates. Teacher pedestal desks are available in rectangle or D-shaped.
- E. Leg Options**
Teacher pedestal desks are available with a t-leg or post-legs for a cohesive aesthetic with other KI products.

- F. Modesty Panels**
Teacher pedestal desks are available without a modesty panel, or with a steel or laminate modesty panel.
- G. Technology Support**
All Terrain units have grommets on top and bottom to provide convenient wire management for powered devices.
- H. AV Rack Compatible**
All Terrain AV rack compatible instructor's desk and binder tower feature a wider cabinet and a perforated lockable rear door for ventilation and access to equipment and wiring.
